Subject: [EXTERNAL] (DOCKET NO. QO24020126 – 2024 ENERGY MASTER PLAN)

Dear Board Secretary Sherri L. Golden,

I am a New Jersey resident and President of Protect Our Coast New Jersey.

We respectfully ask the NJBPU support clean, reliable, affordable energy alternatives for New Jersey and reject offshore wind as a possible solution. OSW is not clean. It is not reliable and it is definitely not affordable.

Thank you for your consideration.

Sincerely,
Robin Shaffer
