RE: In the Matter of the Joint Petition of United Water West Milford Inc. and United Water Arlington Hills Sewerage Inc. For Approval to modify their respective Tariffs to provide for Monthly Customer Billing Docket No. WT13111037.

Dear Secretary Izzo,

Enclosed please find two copies of the Company's applicable tariff pages which incorporates the Board's Order dated January 29, 2014. All pages in the tariff that reflect approved changes have an effective date of February 1, 2014.

Additionally, pursuant to the Board's order, is the postage receipt regarding sending post card notice to the affected customers.

Please advise if you need additional information.

Very truly yours,

Senior Director- Regulatory Business

STANDARD TERMS AND CONDITIONS

- 6.2 Bills for sewerage service will be rendered monthly.
- 6.3 Bills will show meter readings at the beginning and end of the period, the reading dates, the quantity used, the date payment is due, the consumption charges, the facilities charges, and a notation indicating whether the meter reading was a customer reading, remote reading or estimated reading. Bills will also contain a statement that a schedule of rates is available upon request.
- 6.4 Where a bill has been estimated due to the fact that the Company has been unable to gain access to the meter, it will be so noted on the bill. During the billing period when the next regular meter reading is obtained, an appropriate adjustment will be made for any difference between actual use and estimated use of sewerage service.
- 6.5 Except in a case where the meter has been found to be registering in excess of actual use by more than one and one-half percent or has ceased to register, the amount of the bill, based on the reading of the meter, is deemed conclusive and must be paid.
- 6.6 A customer having two or more meters on the same premises will be charged the appropriate facilities charge for each meter.
- 6.7 A customer's responsibility to pay for sewerage service begins upon commencement of service and continues until service is discontinued. A customer wishing to discontinue service shall give notice to the utility. Within 48 hours of said notice, the utility shall discontinue service or obtain a meter reading for the purpose of calculating a final bill. Where such notice is not received by the utility, the customer shall be liable for service until the final reading of the meter is taken. All final and initial bills shall be prorated upon establishment and termination of service. Notice to discontinue service will not relieve a customer from any minimum or guaranteed payment under any contract or rate. N.J.A.C. 14:3-3A.1(b).
- 6.8 The Company shall annually notify all residential customers that, upon request, notice of discontinuance of service will be sent to a designated third party, as well as to the customer. N.J.A.C. 14:3-3A.4(b). However, the accommodation will in no way relieve the customer of record of the responsibility of paying such charges. The customer of record shall receive a copy of any notice of discontinuance for non-payment of bills which is sent to an agent or a third party.
