EEP

**PIVOTAL UTILITY HOLDINGS, INC. D/B/A ELIZABETHTOWN GAS
NOTICE OF PUBLIC HEARINGS**

TO OUR CUSTOMERS:

On September 26, 2014, Pivotal Utility Holdings, Inc. d/b/a Elizabethtown Gas ("the Company") filed a Petition with the New Jersey Board of Public Utilities ("BPU" or "Board") in BPU Docket No. GR14091073 to increase the Energy Efficiency Program ("EEP") Rider rate from \$0.0000 per therm to \$0.0098 per therm, inclusive of applicable taxes, effective December 1, 2014. The EEP rate enables the Company to recover the costs of its energy efficiency programs; these programs include a range of rebates and related offers and various customer education and outreach initiatives, including an on-line customer Dashboard designed to encourage customers to conserve energy and provide information to them on how to lower their gas bills. Since the time of the filing, the EEP Rider rate changed from \$0.0000 per therm to \$0.0088 per therm, inclusive of applicable taxes, effective December 1, 2014 in accordance with an Order by the Board dated November 21, 2014 in BPU Docket No. GR13090874.

The effect of the Company's filing to a typical residential customer using an average of 100 therms per month is as follows:

| Consumption in Therms | Present Bill | Proposed Bill | Proposed Change | Percent Change |
|-----------------------|--------------|---------------|-----------------|----------------|
| 100 | \$101.11 | \$101.21 | \$0.10 | 0.1% |

The actual percentage increase applicable to specific customers will vary according to usage. Any assistance required by customers in ascertaining the impact of the proposed rate increase will be furnished by the Company upon request.

The proposed rate is subject to Board approval and may be higher or lower depending on the Board's final determination and the date on which such rate is made effective. Moreover, any rate relief found by the Board to be just and reasonable may be allocated by the Board and applied by the Company to any class or classes of customers or any rate schedules as the Board may determine, so that final rates approved by the Board in this proceeding for any specific customer class or rate schedule may be higher or lower than those set forth herein.

The BPU has the statutory authority to establish Elizabethtown's rates at levels it finds just and reasonable as well as to establish the effective date of such rates. Therefore, the BPU may establish the rates at levels and/or an effective date other than those proposed by the Company.

Copies of the Petition are available for inspection at the Company offices located at 300 Connell Drive, Suite 3000, Berkeley Heights, New Jersey or online at the Company's website: www.elizabethtowngas.com or at the Board of Public Utilities, 44 South Clinton Avenue, 9th Floor, Trenton, NJ.

PLEASE TAKE NOTICE that Public Hearings have been scheduled on the above mentioned Petition at the following times and places:

February 18, 2015 at 4:30 p.m. and 5:30 p.m.
Rahway Municipal Council, Court Chambers, City Hall Plaza, Rahway, New Jersey 07065

February 26, 2015 at 4:30 p.m. and 5:30 p.m.
Hunterdon County Complex, Route 12, Building #1, Flemington, New Jersey 08822

The public is invited to attend and interested persons will be permitted to testify and/or make a statement of their views on the proposed increase. Information provided at the public hearings will become part of the record of this case and will be considered by the Board in making its decision. In order to encourage full participation in this opportunity for public comment, please submit requests for needed accommodations, including interpreter, listening devices and/or mobility assistance, 48 hours prior to the Hearing. In addition, members of the public may submit written comments concerning the Petition to the BPU regardless of whether they attend the Hearing by addressing them to: Secretary, Board of Public Utilities, 44 South Clinton Avenue, 9th Floor, P.O. Box 350, Trenton, NJ 08625-0350. Hearings will continue, if necessary, on such additional dates and at such locations as the Office of Administrative Law may designate in order to ensure that all interested persons may be heard.

NOTICE OF PUBLIC HEARINGS**

TO OUR CUSTOMERS:

On October 6, 2014 ("October 6 Petition"), Pivotal Utility Holdings, Inc. d/b/a Elizabethtown Gas ("the Company") filed a Petition with the New Jersey Board of Public Utilities ("BPU" or "Board") in BPU Docket No. GR14101135 to revise the Remediation Adjustment Clause ("RAC") component of its Societal Benefits Charge ("SBC") rate. The Company's SBC rate consists of four components: (1) the New Jersey Clean Energy Program ("CEP") component which recovers the costs of statewide energy efficiency and renewable energy programs mandated by the Board, (2) the Remediation Adjustment Clause, which allows the Company to recover certain environmental remediation costs, and two statewide low-income energy bill payment assistance programs: (3) the Universal Service Fund; and (4) the Lifeline program. The October 6 Petition only seeks to change the RAC component of the SBC rate. Specifically, the Company has petitioned the Board to establish a RAC rate of \$0.0246 per therm inclusive of applicable taxes to be effective December 1, 2014. A comparison of the current and proposed rates is as follows:

| | <u>Current Rate</u> <u>Per Therm</u> | <u>Proposed Rate</u> <u>Per Therm</u> |
|-----|---|--|
| RAC | \$0.0229 | \$0.0246 |

The proposed rate is subject to Board approval and may be higher or lower depending on the Board's final determination and the date on which such rate is made effective. The effect of the Company's filing to a typical residential customer using an average of 100 therms per month is illustrated below:

| Consumption in <u>Therms</u> | <u>Present Bill</u> | <u>Proposed Bill</u> | <u>Change in Bill</u> | <u>Percent Change</u> |
|---------------------------------|---------------------|----------------------|-----------------------|-----------------------|
| 100 | \$101.11 | \$101.28 | \$0.17 | 0.2% |

Any assistance required by Customers in ascertaining the impact of the proposed rate increase will be provided by the Company on request. The Board has the statutory authority to establish the aforementioned rates at levels it finds just and reasonable. Therefore, the Board may establish this rate at a level and effective date other than that proposed by Elizabethtown.

Copies of the Petition are available for inspection at the Company's office located at 300 Connell Drive, Suite 3000, Berkeley Heights, New Jersey, online at Elizabethtown's website: www.elizabethtowngas.com, and at the Board of Public Utilities, 44 South Clinton Avenue, 9th Floor, Trenton, New Jersey.

Re: *In The Matter Of The Petition Of Pivotal Utility Holdings, Inc. d/b/a Elizabethtown Gas To Revise The Remediation Adjustment Clause Component Of Its Societal Benefits Charge Rate -- BPU Docket No. GR _____*

Dear Secretary Izzo:

Enclosed for filing are an original and ten copies of the Petition of Pivotal Utility Holdings, Inc. d/b/a Elizabethtown Gas ("Elizabethtown" or "Company") to the Board of Public Utilities ("BPU" or "Board") to revise the Remediation Adjustment Clause ("RAC") component of the Societal Benefits Charge ("SBC") rate. Attached to and made part of the Petition are the testimonies and supporting schedules of Company witnesses Thomas Kaufmann and Steven L. Cook, marked as exhibit numbers P-1 and P-2, respectively.

The RAC Component of the SBC Rate

Elizabethtown's SBC was approved by the Board by an Order dated March 30, 2001 in BPU Docket No. GX99030121, *et al.* and November 21, 2001 in Docket No. EX00020091, *et al.* The SBC currently consists of four components: (1) the Remediation Adjustment Clause ("RAC") component, (2) the New Jersey Clean Energy Program ("CEP") component, (3) the Universal Service Fund ("USF") component, and (4) the Lifeline component. The SBC charge is applicable to all customers, with the exception of those exempt from

the charge pursuant to the Long-Term Capacity Agreement Pilot Program legislation enacted on January 28, 2011.

Petitioner is not proposing changes to the CEP, USF or Lifeline rates in this filing. On June 20, 2014, the Company filed to change the USF and Lifeline rates effective October 1, 2014 in Docket No. ER14060613. These rates were approved by a Board Order dated September 30, 2014. On July 18, 2014 in Docket No. GR14070755, the Company filed to revise its CEP rate effective October 1, 2014. This filing is currently pending.

Elizabethtown proposes to increase its currently effective RAC rate from \$0.0229 per therm to \$0.0246 per therm, effective December 1, 2014. Elizabethtown's current SBC rate for the RAC was approved by the Board's December 18, 2013 Order with an effective date of January 1, 2014 in Docket No. GR12100936. The Company's RAC annual reconciliation filing for the 2012-2013 period filed in BPU Docket No. GR13090839 remains pending before the Board. The proposed RAC rate is designed to enable Elizabethtown to recover approximately \$11.0 million during the period ending September 30, 2015. A comparison of the components of the SBC reflecting the current rates and the proposed RAC rate is as follows:

| | <u>Current Rate</u> | <u>Proposed Rate</u> |
|-----------------|---------------------------|---------------------------|
| CEP | \$0.0385 per therm | \$0.0385 per therm |
| RAC | \$0.0229 per therm | \$0.0246 per therm |
| USF | \$0.0110 per therm | \$0.0110 per therm |
| <u>Lifeline</u> | <u>\$0.0059 per therm</u> | <u>\$0.0059 per therm</u> |
| TOTAL | \$0.0783 per therm | \$0.0800 per therm |

Total Customer Impact

The proposed adjustment to the RAC rate would increase the monthly bill of a typical residential heating customer using 100 therms by \$0.17, from \$100.65 to \$100.82, or an increase of 0.2%, as compared to the Company's currently effective rates. Please contact the undersigned at (908) 771-8220 or Thomas Kaufmann at (908) 771-8225 if you have questions or require further information.
