
SECTION 6.0 - LOCAL RESALE SERVICES PRICE LIST (CONTINUED)**6.2 Standard Business Local Exchange Service**

Standard Business Local Exchange Service provides the Customer with a single, analog, voice-grade telephonic communications channel, which can be used to place or receive one call at a time. Standard Business Local Exchange Service lines are provided for the connection of Customer-provided wiring, telephones, facsimile machines or other station equipment. An optional per line Hunting feature is available for multi-line Customers which routes a call to the next idle line in a prearranged group when the called line is busy.

Local exchange service lines and trunks are provided on a single party (individual) basis only. No multi-party lines are provided. Service is available on a flat rate, measured rate or message rate basis depending on the service plan selected by the Customer. Not all service plans will be available in all areas.

Recurring charges for Standard Business Local Exchange Service are billed monthly in advance. Usage charges, if applicable are billed in arrears. Usage charges may apply for calls placed from the Customer's line. No usage charges will apply to calls received by the Customer. Non-recurring charges for installation or rearrangement of service are billed on the next month's bill immediately following work performed by the Company.

SECTION 6.0 – LOCAL RESALE SERVICES PRICE LIST (CONTINUED)**6.2 Standard Business Local Exchange Service, (Continued)****6.2.1 Monthly Recurring Charges**

The following charges apply to Standard Business Local Exchange Service lines per month. The rates and charges below apply to service provided on a month-to-month basis. Message Rate Service is only option.

Message Rate Service	Individual Line	Multi-Line (4 or less)	Large (5 or more)
First Line	\$15.00	\$15.00	\$15.00
Additional Line	\$10.80	\$10.80	\$10.80

SECTION 6.0 – LOCAL RESALE SERVICES PRICE LIST (CONTINUED)**6.2 Standard Business Local Exchange Service, (Continued)****6.2.2 Usage Sensitive Charges and Allowances****(A) Flat Rate Service**

No measured or message charges apply to calls placed or received from Flat Rate service lines. Customers receive unlimited calling within their local calling area.

(B) Message Service

Customers subscribing to Message Service will receive a monthly usage allowance of 75 outgoing calls. This allowance is applied to local calls placed from the Customer's line. Local usage in excess of the allowance will be billed in arrears. Local usage is billed on a per call basis. Calls are billed in 5 second increments.

First 5 minutes	\$0.066
Additional 5 minutes	\$0.066

SECTION 6.0 - LOCAL RESALE SERVICES PRICE LIST (CONTINUED)**6.2 Standard Business Local Exchange Service, (Continued)****6.2.3 Non-Recurring Charges**

Non-recurring charges apply to each line installed for the Customer. All such charges will appear on the next bill following installation of the service.

Non-recurring charges for installation of Business lines are:

First Line	\$80.27
Each Additional Line(1)	\$80.27

NOTES:

- (1) Additional Line installation charges apply only when 2 or more lines are installed at the same time and at the same Customer Premises.

SECTION 6.0 - LOCAL RESALE SERVICES PRICE LIST (CONTINUED)**6.3 Business PBX Trunk Service**

PBX Trunk service provides a Customer with a single, voice-grade telephonic communications channel which can be used to place one call at a time. Trunks are provided for connection of Customer-provided private branch exchanges (PBX) or other station equipment to the public switched telecommunications network.

PBX Trunks are available to Business Customers as Inward, Outward or Two-Way combination trunks where services and facilities permit.

An optional per trunk Hunting feature is available for Customers which routes a call to the next idle trunk in a prearranged group.

PBX Trunks may also be equipped with Direct Inward Dialing (DID) capability and DID number blocks for additional charges (see Section 6.4).

6.3.1 Message Rate Service

Message Rate Service	PBX Rate
First Trunk	\$17.75
Additional Trunk	\$13.00

SECTION 6.0 - LOCAL RESALE SERVICES PRICE LIST (CONTINUED)**6.4 Direct Inward Dialing (DID) Service**

Direct Inward Dialing (DID) permits calls incoming to a PBX system or other Customer Premises Equipment to be routed to a specific station without the assistance of an attendant. DID calls are routed directly to the station associated with the called number. DID service as offered by the Company provides the necessary trunks, telephone numbers, and out-pulsing of digits to enable DID service at a Customer's location. DID service requires special PBX software and hardware not provided by the Company. Such hardware and software is the responsibility of the Customer.

The following charges apply to Customers subscribing to DID service provided by the Company. These charges are in addition to recurring and non-recurring charges for PBX Trunks as shown in Section 7.4 of this tariff. The Customer will be charged for the number of DID numbers utilized out of the available 20 numbers.

	Installation Charge	Monthly Recurring
Establish Trunk Group and Provide 1 st Block of 20 DID Numbers	\$400.00	\$20.00
Each Additional Block of 20 DID Numbers	\$0.00	\$20.00
DID Trunk Termination:	\$0.00	\$38.97
Dual Tone Multifrequency Pulsing Option, Per Trunk	N/A	\$TBD
Automatic Intercept Service, Per Number Referred	\$TBD	N/A

SECTION 6.0 – LOCAL RESALE SERVICES PRICE LIST (CONTINUED)**6.5 Optional Calling Features**

The features in this section are made available on an individual basis or as part of multiple feature packages. All features are provided subject to availability. Certain features may not be available with all classes of service. Transmission levels for calls forwarded or calls placed or received using optional calling features may not be acceptable for all some uses in some cases.

6.5.1 Features Offered on a Usage Sensitive Basis

The following features are available to all local exchange Business and Residence line Customers where facilities and services permit. Customers may utilize each feature by dialing the appropriate access code. The Customer will be billed the Per Feature Activation Charge shown in the following table each time a feature is used by the Customer. Customers may subscribe to these features on a monthly basis at their option to obtain unlimited use of these features for a fixed monthly charge.

Optional Calling Features	Residence	Business
Three-Way Calling	N/A	\$0.75
Call Return	N/A	\$0.75
Repeat Dialing	N/A	\$0.75
Call Trace	N/A	\$1.00

Denial of per call activation for Three-Way Calling, Call Return and Repeat Dialing from any line or trunk is available to Customers upon request at no additional charge.

SECTION 6.0 - LOCAL RESALE SERVICES PRICE LIST (CONTINUED)**6.5 Optional Calling Features, (Continued)****6.5.2 Features Offered on a Monthly Basis**

The following optional calling features are offered to Customers on a monthly basis. Customers are allowed unlimited use of each feature. No usage sensitive charges apply. BCM Customers must order the appropriate number of features based on the number of lines which will have access to the feature.

Optional Calling Feature	Residence	Business
Call Forwarding - Variable	N/A	\$2.69
Call Forwarding - Busy Line	N/A	\$2.00
Call Forwarding - Don't Answer	N/A	\$2.00
Call Forwarding - Busy Line & Don't Answer	N/A	\$2.00
Repeat Dialing	N/A	\$6.00
Distinctive Ringing	N/A	\$6.50
Caller ID - Standard	N/A	\$8.50
Caller ID - with Name	N/A	\$9.50
Call Block	N/A	\$6.06
Home Intercom	N/A	N/A
Intercom Extra	N/A	N/A
Call Waiting	N/A	\$7.65
Three-Way Calling	N/A	\$2.66
Speed Calling - 8 numbers	N/A	\$2.69
Speed Calling - 30 numbers	N/A	\$3.84
Priority Call	N/A	\$6.06
*69	N/A	\$6.00
Select Forward	N/A	\$6.06
Ultra Forward	N/A	\$7.00
Easy Voice (Voice Dialing)	N/A	N/A

SECTION 7.0 - DIRECTORY ASSISTANCE SERVICES**7.1 Directory Assistance Services****7.1.1 Directory Assistance**

A Directory Assistance charge applies per local directory assistance call. The Customer is allowed ten (10) requests for Directory Assistance before a per call charge is applied. The Directory Assistance Charge applies regardless of whether the Directory Assistance operator is able to supply the requested number.

Each Local Directory Assistance Call		
Business		\$1.25
Residence (after 10th call)		N/A

SECTION 8.0 – INSIDE WIRE MAINTENANCE PLAN

- 8.1 The Inside Wire Maintenance (IWM) Plan is an optional service BCM provides its telephone customers to guard the customer against unforeseen maintenance or repairs to the customer's telecommunication wires and/or phone jacks.

IWM covers the service call, diagnosis of the problem, and repair of certain types of damage to the telecommunication wires traveling from the NID up to the phone jacks inside the premise. IWM also covers the phone jacks inside the premise.

Some conditions are not covered by IWM. This plan does not cover the following:

- Damages or problems that existed prior to the activation of IWM
- Repairs to any customer premise equipment (phones, phone cords, faxes, modems, etc.)
- Repairs to any telecommunication wire connecting customer premise equipment to a phone jack.
- Damages or problems caused by inappropriate or non-standard telecommunication wiring practices
- Damages or problems caused by negligent or intentional acts by customer, or any third party not authorized by BCM
- Damage or problems caused by using faulty or defective equipment such as faxes, modems, phones, answering machines, surge protectors, etc.
- Damage or problems caused by alterations or additions to the telecommunications wires connecting the NID to phone jacks that are not authorized by BCM
- Repair to any exterior phone jack
- Repair of wiring in boat slips and special waterproof boat cords and jacks
- Removal of hard-wired phones and their replacement with modular phone jacks
- Damage or problems caused by wire taps
- Damages or problems occurring in the horizontal or riser cable found in multi-unit dwellings
- Damages or problems of the telecommunication wires occurring in commercially owned properties or other commercial multi-unit dwellings such as apartments
- IWM is not available with certain services such as WATS and 800 services

Availability

Service is available in both Verizon West, and Verizon East for Business.

Limitations/Restrictions

Service available only on POTS, Centrex, Analog PBX or ISDN BRI classes of service on Wholesale Advantage and Resale lines.

Pricing**Monthly Recurring Charge**

New Jersey

\$2.00/line

SECTION 10.0 - MISCELLANEOUS SERVICES**10.1 Carrier Presubscription****10.1.1 General**

Carrier Presubscription is a procedure whereby a Customer designates to the Company the carrier which the Customer wishes to be the carrier of choice for intraLATA and interLATA toll calls. Such calls are automatically directed to the designated carrier, without the need to use carrier access codes or additional dialing to direct the call to the designated carrier. Presubscription does not prevent a Customer who has presubscribed to an IntraLATA or InterLATA toll carrier from using carrier access codes or additional dialing to direct calls to an alternative long distance carrier on a per call basis.

10.1.2 Presubscription Options - Customers may select the same carrier or separate carriers for intraLATA and interLATA long distance. The following options for long distance Presubscription are available:

- Option A:** Customer select the Company as the presubscribed carrier for IntraLATA and InterLATA toll calls subject to presubscription.
- Option B:** Customer may select the Company as the presubscribed carrier for IntraLATA calls subject to presubscription and some other carrier as the presubscribed carrier for interLATA toll calls subject to presubscription.
- Option C:** Customer may select a carrier other than the Company for intraLATA toll calls subject to presubscription and the Company for interLATA toll calls subject to presubscription.
- Option D:** Customer may select the carrier other than the Company for both intraLATA and interLATA toll calls subject to presubscription.
- Option E:** Customer may select two different carriers, neither being the Company for intraLATA and interLATA toll calls. One carrier to be the Customers' primary intraLATA interexchange carrier. The other carrier to be the Customer's primary interLATA interexchange carrier.
- Option F:** Customer may select a carrier other than the Company for no presubscribed carrier for intraLATA toll calls subject to presubscription which will require the Customer to dial a carrier access code to route all intraLATA toll calls to the carrier of choice for each call.

SECTION 10.0 – MISCELLANEOUS SERVICES (CONTINUED)**10.1 Carrier Presubscription, (Continued)****10.1.3 Rules and Regulations**

Customers of record will retain their primary interexchange carrier(s) until they request that their dialing arrangements be changed.

Customers of record or new Customers may select either Options A, B, C, D, E or F for intraLATA Presubscription.

Customers may change their selected Option and/or presubscribed toll carrier at any time subject to charges specified in 11.4.5 below:

10.1.4 Presubscription Procedures

A new Customer will be asked to select intraLATA and interLATA toll carriers at the time the Customer places an order to establish local exchange service with the Company. The Company will process the Customer's order for service. All new Customers initial requests for intraLATA toll service presubscription shall be provided free of charge.

If a new Customer is unable to make selection at the time the new Customer places an order to establish local exchange service, the Company will read a random listing of all available intraLATA and interLATA carriers to aid the Customer in selection. If selection is still not possible, the Company will inform the Customer that he/she will be given 90 calendar days in which to inform the Company of his/her choice for primary toll carrier(s) free of charge. Until the Customer informs the Company of his/her choice of primary toll carrier, the Customer will not have access to long distance services on a presubscribed basis, but rather will be required to dial a carrier access code to route all toll calls to the carrier(s) of choice. Customers who inform the Company of a choice for toll carrier presubscription within the 90-day period will not be assessed a service charge for the initial Customer request.

Customers of record may initiate a intraLATA or interLATA presubscription change at any time, subject to the charges specified in 11.4.5 below. If a Customer of record inquires of the Company of the carriers available for toll presubscription, the Company will read a random listing of all available intraLATA carriers to aid the Customer in selection.

SECTION 10.0 - MISCELLANEOUS SERVICES (CONTINUED)**10.1 Carrier Presubscription, (Continued)****10.1.5 Presubscription Charges****(A) Application of Charges**

After a Customer's initial selection for a presubscribed toll carrier and as detailed in Paragraph 10.1.4 above, for any change thereafter, a Presubscription Change Charge, as set forth below will apply. Customers who request a change in intraLATA and interLATA carriers with the same order will be assessed a single charge per line.

(B) Nonrecurring Charges

Per business or residence line, trunk, or port

Initial Line, or Trunk or Port	\$1.49
Additional Line, Trunk or Port	\$1.49

SECTION 11.0 – CONSTRUCTION CHARGES AND SPECIAL CHARGES (cont'd)**11.1 SERVICE ENTRANCE FACILITIES****11.1.1 EXTENSIONS TO SERVE NEW CUSTOMERS****A. DESCRIPTION/REGULATIONS**

1. Applicant, as used herein, means the subdivider, developer, builder or owner applying for the construction of a telephone distribution system to serve one or more new customers.
2. Extension means the construction or installation of plant and/or facilities by the Company to provide service from existing plant and/or facilities themselves. This term includes all plant and/or facilities for transmission and/or distribution, whether located on a public street or right of way, or on private property, including the wire, cable pipe, conduit or other means of conveying a service from existing plant and/or facilities to each unit or structure to be served. The extension ends at the point where the service connects to the RDP.
3. The Company is not required to construct, own, operate or maintain an extension on any property unless the Company is legally authorized to do so, for example through an easement or right-of-way. The applicant shall ensure that the Company is provided with such legal authority, at no cost to the Company and with no requirement for condemnation of the property.
4. In constructing and operating an extension, the Company shall use equipment and practices that meet all applicable requirements which are consistent with industry best practices and standards and the Company's minimum system design standards, unless requested otherwise by the applicant.
5. Connections from the existing telephone distribution system to the underground system installed within the applicant's subdivision are made by an extension of existing facilities in the normal method of construction along with the established route which will serve the subdivision. Where the electric utility involved provides such an extension by means of overhead facilities, the Company's facilities may also be provided by means of overhead construction.
6. The Company, customers, applicants, developers, builders, municipal, bodies and other persons shall cooperate fully in order to facilitate construction on an extension at the lowest reasonable cost consistent with system reliability and safety. This includes sharing trenches where practicable, and coordinating scheduling and other aspects of construction to minimize delays and to avoid difficult conditions such as frozen or unstable soils.
7. If the applicant requests an extension that will serve both a designated growth area and an area not designated for growth, the Company will pay for, or financially contribute to, the portion of the extension that is necessary to serve a designated growth area, except as provided for herein. The Company will not pay for or contribute financially to the portion of the extension that will serve an area not designated for growth unless the area was determined to be exempt under N.J.A.C. 14:3-8.2.
8. The Company is eligible to apply for cost recovery under a Targeted Revitalization Incentive Program (TRIP) charge in accordance with N.J.A.C 14:3-10.
9. The applicant shall furnish the items listed below without charge and in sufficient time in the judgment of the Company for it to meet service requirements:

SECTION 11.0 – CONSTRUCTION CHARGES AND SPECIAL CHARGES (cont'd)**11.1 SERVICE ENTRANCE FACILITIES****11.1.1 EXTENSIONS TO SERVE NEW CUSTOMERS****DESCRIPTION/REGULATIONS (cont'd)**

- Rights-of-way and easements suitable to and without cost to or condemnation by the Company;
 - The preliminary or tentative subdivision map which has been submitted to and approved by the appropriate authorities, showing the full layout of the subdivision to be developed in order to facilitate planning for the cables;
 - The final subdivision map of the section of the subdivision which has received final approval of the appropriate authorities and which the applicant proposes to develop in the immediate future. The map shall be furnished in both paper and electronic (CADD) format;
 - A written estimate of the date on which telephone service will initially be required and the time schedule for the full development of the section; and
 - Documentation, which includes detailed plans of the development to enable the Company to determine if the development is in an "area designated for growth" as defined in N.J.A.C. 14:3-8.2 and depicted on a copy of the most current State Plan Policy map prepared by the State Planning Commission, or is in an area not designated for growth but has been determined to be exempt and eligible for the same treatment as an area designated for growth.
10. An extension to non-residential development shall be made underground if the development does not have service and the extension is located in an area where local government or the Company requires the extension to be underground. It is the property owner's responsibility to provide a suitable path or two (2) four-inch conduits and associated structures in accordance with the Company's layout design and specifications from the public road into the building(s). The applicant or the Company may request a special exemption from the Board of Public Utilities if this requirement will result in a hardship, inequity, or will be discriminatory to other affected parties.
11. An extension serving a residential development of three or more units shall be underground if the development does not have service and the extension will be placed along streets that are not already served by overhead facilities. It is the property owner's responsibility to provide a suitable or two (2) four-inch conduits and associated structures in accordance with the Company's layout design and specifications from the public road into the building(s). The applicant or the Company may request a special exemption from the Board of Public Utilities if this requirement will result in a hardship, inequity, or will be discriminatory to other affected parties.
12. The Company will start construction only after all of the following conditions have been executed and met:

SECTION 11.0 – CONSTRUCTION CHARGES AND SPECIAL CHARGES (cont'd)**11.1 SERVICE ENTRANCE FACILITIES****11.1.1 EXTENSIONS TO SERVE NEW CUSTOMERS****DESCRIPTION/REGULATIONS (cont'd)**

- a. advanced construction payment and assigned contract of work,
 - b. the right-of-way or easement specified preceding are cleared of trees, tree stumps and other obstructions above or below grade at no charge to the Company to a width sufficient in its judgment to permit the use of machinery and equipment, and graded to within six inches of final grade by the applicant. Such clearance and grading must be maintained by the applicant during construction by the Company, and
 - c. in a buried environment, furnish a trench meeting the standards and requirements of the Company. Should the applicant want to perform this work prior to the Company's scheduled construction start date, it must (i) obtain approval from the Company, and (ii) provide two (2) four-inch conduits and associated structures in accordance with the Company's layout design and specifications for the Company's use. The applicant will maintain the trench until all utilities have been installed, after which time the applicant is required to backfill the trench.
13. Where practicable, as determined by the Company and the electronic utility involved, electronic and telephone facilities may be placed in the same trench. Where joint use of a trench is practical, the Company will not commence work on an underground system unless and until the applicant has satisfied all conditions precedent to the obligation of the electronic utility as well as the Company to commence work on their respective underground systems.
14. The charges specified in B. following are based on the premise that each applicant shall agree to cooperate with the Company in an effort to keep the cost of construction and installation of the underground telephone communication system as low as possible. This includes the scheduling of construction to preclude the necessity for trenching in frozen soils, or in land fill operations before soils have become stabilized. Should unusual circumstances arise which would reasonably delay underground service, temporarily wires may be installed in whatever manner is most practical under the circumstances, provided, however, that such temporary wires shall be replaced as soon as practicable with a permanent underground service. Upon approval by the Board of Public Utilities, excess costs, if any, due to temporary installations will be charged to the applicant.

SECTION 12.0 - RESERVED FOR FUTURE USE

12.1 [Reserved for Future Use]

SECTION 13.0 - RESERVED FOR FUTURE USE

13.1 [Reserved for Future Use]

SECTION 14.0 - PROMOTIONAL OFFERINGS / CONTRACTS & ICB**14.1 Special Promotions**

The Company may from time to time engage in special promotional trial service offerings of limited duration (not to exceed ninety days on a per Customer basis for non-optional, recurring charges) designed to attract new subscribers or to increase subscriber awareness of a particular tariff offering. Requests for promotional offerings will be presented to the Commission for its review in accordance with rules and regulations established by the Commission, and will be included in the Carrier's tariff as an addendum to the Carrier's price lists.

14.2 Contract Rates/Individual Case Basis (ICB) Arrangements

In lieu of the rates otherwise set forth in this tariff, rates and charges, including minimum usage, installation, special construction and recurring charges for Carrier's services may be established at negotiated rates on an individual case basis (ICB). ICB rates, terms and conditions will be set forth in individual Customer contracts. However, unless otherwise specified, the terms, conditions, obligations and regulation set forth in this tariff shall be incorporated into, and be part of, said contract, and shall be binding on Carrier and Customer. Specialized rates or charges will be made available to similarly situated customers on a non-discriminatory basis.

SYMBOLS

The following are the only symbols used for the purposes indicated below:

- D Delete or discontinue.
- I Change resulting in an increase to a customer's bill.
- M Moved from another rate sheet location.
- N New.
- R Change resulting in a reduction to a customer's bill.
- T Change in text or regulation but no change in rate or charge.

COMPETITIVE ACCESS PROVIDER SERVICES TARIFF

RATE SHEET FORMAT

A. Sheet Numbering - Sheet numbers appear in the upper right corner of the sheet. Sheets are numbered sequentially. However, new sheets are occasionally added to the rate sheet. When a new sheet is added between sheets already in effect, a decimal is added. For example, a new sheet added between sheets 14 and 15 would be 14.1.

B. Sheet Revision Numbers - Revision numbers also appear in the upper right corner of each sheet. These numbers are used to determine the most current sheet version on file with the Board. For example, the 4th revised Sheet 14 cancels the 3rd revised Sheet 14. Because of various suspension periods, deferrals, etc. the Board follows in its rate sheet approval process, the most current sheet number on file with the Board is not always the sheet in effect. Consult the Check Sheet for the sheet currently in effect.

C. Paragraph Numbering Sequence - There are nine levels of paragraph coding. Each level of coding is subservient to the next higher level:

2.
2.1
2.1.1
2.1.1.A.
2.1.1.A.1.
2.1.1.A.1.(a)
2.1.1.A.1.(a).1.
2.1.1.A.1.(a).1.(i).
2.1.1.A.1.(a).1.(i).(1).

D. Check Sheets - When a rate sheet filing is made with the FCC, an updated Check Sheet accompanies the rate sheet filing. The Check Sheet lists the sheets contained in the rate sheet, with a cross-reference to the current revision number. When new sheets are added, the Check Sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*). There will be no other symbols used on this sheet if these are the only changes made to it (i.e., the format, etc. remain the same, just revised revision levels on some sheets.) The rate sheet user should refer to the latest Check Sheet to find out if a particular sheet is the most current on file with the FCC.

COMPETITIVE ACCESS PROVIDER SERVICES TARIFF

SECTION 1 – DEFINITIONS

Certain terms used generally throughout this rate sheet for the Access Services of this Company are defined below.

Access Code: A uniform seven digit code assigned by the Company to an individual Customer. The seven digit code has the form 950-XXXX or 101XXXX.

Access Service: Switched Access to the network of an Interexchange Carrier for the purpose of originating or terminating communications.

Access Service Request (ASR): The industry service order format used by Access Service Customers and access providers as agreed to by the Ordering and Billing Forum.

Access Tandem: An Exchange Carrier's switching system that provides a concentration and distribution function for originating or terminating traffic between local switching centers and Customers' premises.

Authorized User: A person, firm, corporation or other entity that either is authorized by the Customer to use Access Services or is placed in a position by the Customer, either through acts or omissions, to use Access Services.

Board : The New Jersey Board of Public Utilities.

Carrier or Common Carrier: See Interexchange Carrier or Exchange Carrier.

Co-Carrier: Any other Telecommunications provider authorized by the Board to provide local exchange service in the state.

Common Channel Signaling (CCS): A high-speed packet switched communications network which is separate (out of band) from the public packet switched and message networks. It is used to carry addressed signaling messages for individual trunk circuits and/or database related services between signaling points in the CCS network.

COMPETITIVE ACCESS PROVIDER SERVICES TARIFF

SECTION 1 - DEFINITIONS, (Cont'd.)

Company: BCM One, Inc., or BCM, issuer of this rate sheet

Constructive Order: Delivery of calls to or acceptance of calls from the Company's End User locations over Company-switched local exchange services constitutes a Constructive Order by the Customer to purchase switched access services as described herein. Similarly the selection by a Company's End User of the Customer as the presubscribed IXC constitutes a Constructive Order of switched access by the Customer.

Customer: The person, firm, corporation or other entity which orders Service and is responsible for the payment of charges and for compliance with the Company's rate sheet regulations. The Customer could be an interexchange carrier, a wireless provider, or any other carrier authorized to operate in the state.

8YY Data Base Access Service: The term "8YY Data Base Access Service" denotes a toll-free originating Trunkside Access Service when the 8YY Service Access Code (i.e., 800, 822, 833, 844, 855, 866, 877, or 888 as available) is used.

End User: Any individual, association, corporation, governmental agency or any other entity other than an Interexchange Carrier which subscribes to intrastate service provided by an Exchange Carrier.

Entrance Facility: A trunk facility connecting the Customer's point of presence with the local switching center.

Exchange Carrier: Any individual, partnership, association, joint-stock company, trust, governmental entity or corporation engaged in the provision of local exchange telephone service.

Firm Order Confirmation (FOC): Acknowledgment by the Company of receipt of an Access Service Request from the Customer and commitment by the Company of a Service Date.

Individual Case Basis of ICB: Customer-specific specifications for Service, inclusive of rates and charges applicable thereto, that are different from or in addition to the standard rates and charges specified in this tariff. ICB arrangements will be made where Customer-specific requirements involve special facilities, equipment, construction, design and engineering, and/or power or the other utility requirements, unusual site conditions, deviations from the Technical Specifications, unique Services or components of Service not specified in this tariff, and other unique or special circumstances, all as determined solely by the Company. Rates and charges for ICBs will reflect the costs incurred by the Company and may include, but are not limited to, monthly rates, nonrecurring charges, or combinations thereof. All nonrecurring charges ("NCR") shall be determined by ICB. Monthly recurring charges ("MRC") shall be subject to pricing based on ICB arrangements.

Inter-MTA Traffic - Wireless traffic originating on the network of a CMRS provider within one MTA and terminating to the Company's end-user subscribers in another MTA.

Intra-MTA Traffic - Wireless traffic originating on the network of a CMRS provider within a MTA and terminating to the Company's end-user subscribers in the same MTA.

COMPETITIVE ACCESS PROVIDER SERVICES TARIFF

SECTION 1 - DEFINITIONS, (Cont'd.)

Interexchange Carrier (IXC) or Interexchange Common Carrier: Any individual, partnership, association, joint stock company, trust, governmental entity or corporation engaged in state or foreign communication for hire by wire or radio, between two or more exchanges.

LATA: A local access and transport area established pursuant to the Modification of Final Judgment entered by the United States District Court for the District of Columbia in Civil Action No. 82-0192 for the provision and administration of communications services.

Line Information Data Base (LIDB) : The data base which contains base information such as telephone numbers, calling card numbers and associated billed number restriction data used in connection with the validation and billing of calls.

Local Access: The connection between a Customer's premises and a point of presence of the Exchange Carrier.

Local Switching Center: The switching center where telephone exchange service Customer station Channels are terminated for purposes of interconnection to each other and to interoffice Trunks.

Local Traffic: Traffic is "Local Traffic" under this rate sheet is: (i) the call originates and terminates in the same exchange area; or (ii) the call originates and terminates within different BCM Exchanges that share a common mandatory local calling area, e.g., a mandatory Extended Local Calling Service (ELCS) or Extended Area Service areas (EAS) or other like types of mandatory local calling scopes.

Meet Point: A point of interconnection that is not an end office or tandem.

Meet Point Billing: The arrangement through which multiple Exchange Carriers involved in providing Access Services, divide the ordering, rating, and billing of such services on a proportional basis, so that each Exchange Carrier involved in providing a portion of the Access Service agrees to bill under its respective rate sheet.

Mobile Telephone Switching Office: Location where the wireless Customer maintains a facility for purposes of interconnecting to the Company's Network.

COMPETITIVE ACCESS PROVIDER SERVICES TARIFF

SECTION 1 - DEFINITIONS, (Cont'd.)

Mutual Traffic Exchange: A compensation arrangement between certified local exchange service providers where local exchange service providers pay each other "in kind" for terminating local exchange traffic on the other's network.

Network Services: The Company's telecommunications Access Services offered on the Company's Network.

Non-Recurring Charges: The one-time initial charges for services or facilities, including but not limited to charges for construction, installation, or special fees, for which the Customer becomes liable at the time the Service Order is executed.

Off-Hook: The active condition of Switched Access or a telephone exchange service line.

Optional Expanded Area Service Traffic (OEAS): Optional service found in large urban areas financed by separate charge on end users that elect service as defined by a tariffed approved by the Board.

On-Hook: The idle condition of switched access or a telephone exchange service line.

Out of Band Signaling: An exchange access signaling feature which allows customers to exchange call control and signaling information over a communications path which is separate from the message path.

Point of Presence: Location where the Customer maintains a facility for purposes of interconnecting to the Company's Network.

Premises: The space occupied by a Customer or Authorized User in a building or buildings or on contiguous property (except railroad rights-of-way, etc.).

Presubscription: An arrangement whereby an End User may select and designate to the Company an Interexchange Carrier (IXC) or Carriers it wishes to access, without an Access Code, for completing both intraLATA toll calls and/or interLATA calls. The selected IXC(s) are referred to as the End User's Primary Interexchange Carrier (PIC).

COMPETITIVE ACCESS PROVIDER SERVICES TARIFF

SECTION 1 - DEFINITIONS, (Cont'd.)

Recurring Charges: The monthly charges to the Customer for services, facilities and equipment, which continue for the agreed upon duration of the service.

Service Order: The written request for Network Services executed by the Customer and the Company in a format devised by the Company; or, in the alternative, the submission of an Access Service Request by the Customer in the manner specified in this rate sheet.

Service(s): The Company's telecommunications Access Services offered on the Company's Network.

Signaling Point of Interface: The Customer designated location where the SS7 signaling information is exchanged between the Company and the Customer.

Signaling System 7 (SS7): The common Channel Out of Band Signaling protocol developed by the Consultative Committee for International Telephone and Telegraph (CCITT) and the American National Standards Institute (ANSI).

Switched Access Service: Access to the switched network of an Exchange Carrier for the purpose of originating or terminating communications. Switched Access is available to carriers, as defined in this rate sheet.

Trunk: A communications path connecting two switching systems in a network, used in the establishment of an end-to-end connection.

Wireless Provider: Any carrier authorized to operate as a provider of cellular, personal communications, paging or any other form of wireless transmission.

SECTION 2 - RULES AND REGULATIONS**2.1 Undertaking of the Company****2.1.1 Scope**

BCM's services offered pursuant to this Rate Sheet are furnished for Switched Access Service. BCM may offer these services over its own or resold facilities.

BCM installs, operates, and maintains the communications services provided herein in accordance with the terms and conditions set forth under this Rate Sheet. BCM may act as the Customer's agent for ordering access connection facilities provided by other carriers or entities as required in the Board's rules and orders, when authorized by the Customer, to allow connection of a Customer's location to the BCM network. The Customer shall be responsible for all charges due for such service agreement.

The Company's services and facilities are provided on a monthly basis unless otherwise indicated, and are available twenty-four hours per day, seven days per week.

2.1.2 Shortage of Equipment or Facilities

- A. The Company reserves the right to limit or to allocate the use of existing facilities, or of additional facilities offered by the Company when necessary because of lack of facilities or due to some other cause beyond the Company's control.
- B. The furnishing of service under this rate sheet is subject to the availability on a continuing basis of all the necessary facilities and is limited to the capacity of the Company's facilities as well as facilities the company may obtain from other Carriers from time to time, to furnish service as required at the sole discretion of the Company.
- C. The provisioning and restoration of service in emergencies shall be in accordance with Part 64, Subpart D, Appendix A of the Federal Communications Commission's Rules and Regulations, which specifies the priority system for such activities.

COMPETITIVE ACCESS PROVIDER SERVICES TARIFF

SECTION 2 - RULES AND REGULATIONS, (Cont'd.)**2.1 Undertaking of the Company (Cont'd.)****2.1.3 Terms and Conditions**

- A. Except as otherwise provided herein, service is provided and billed on the basis of a minimum period of at least one month, and shall continue to be provided until canceled by the Customer, in writing, on not less than 30 days notice. Unless otherwise specified herein, for the purpose of computing charges in this rate sheet, a month is considered to have 30 days.
- B. Customers seeking to cancel service have an affirmative obligation to block traffic originating from or terminating to the Company's network. By originating traffic from or originating traffic to the Company's network, the Customer will have constructively ordered the Company's switched access service.
- C. The Customer agrees to operate Company-provided equipment in accordance with instructions of the Company or the Company's agent. Failure to do so will void Company liability for interruption of service and may make the Customer responsible for damage to equipment pursuant to section 2.1.3.D below.
- D. The Customer agrees to return to the Company all Company-provided equipment delivered to Customer within five (5) days of termination of the service in connection with which the equipment was used. Said equipment shall be in the same condition as when delivered to Customer, normal wear and tear only excepted. Customer shall reimburse the Company, upon demand, for any costs incurred by the Company due to Customer's failure to comply with this provision.

SECTION 2 - RULES AND REGULATIONS, (Cont'd.)**2.1 Undertaking of the Company (Cont'd.)****2.1.4 Liability of the Company**

- A. The liability of the Company for damages arising out of the furnishing of its Services, including but not limited to mistakes, omissions, interruptions, delays, errors, other defects, or representations by the Company, or use of these services or damages arising out of the failure to furnish the service whether caused by act or omission, shall be limited to the extension of allowances for interruption as set forth in 2.6 below. The extension of such allowances for interruption shall be the sole remedy of the Customer and the sole liability of the Company. The Company will not be liable for any direct, indirect, incidental, special, consequential, exemplary or punitive damages to Customer as a result of any Company service, equipment or facilities, or the acts or omissions or negligence of the Company's employees or agents.
- B. With respect to any other claim or suit, by a Customer or by any others, for damages associated with the ordering (including the reservation of any specific number for use with a service), installation (including delays thereof), provision, termination, maintenance, repair interruption or restoration of any service or facilities offered under this rate sheet, and subject to the provisions of the Company's liability, if any, shall be limited as provided herein.

COMPETITIVE ACCESS PROVIDER SERVICES TARIFF

SECTION 2 - RULES AND REGULATIONS, (Cont'd.)

2.1 Undertaking of the Company (Cont'd.)

2.1.4 Liability of the Company (cont'd.)

- C. The Company shall not be liable for any delay or failure of performance or equipment due to causes beyond its control, including but not limited to: acts of God, fire, flood, explosion or other catastrophes; any law, order, regulation, direction action, or request of The United States government or of any other government, including state and local governments having or claiming jurisdiction over the Company, or of any department, agency, commission, bureau, corporation, or other instrumentality of any one or more of these federal, state, or local governments, or of any military authority; preemption of existing service in compliance with national emergencies; insurrections; riots; wars; unavailability of rights-of-way or materials; or strikes, lockouts work stoppages, or other labor difficulties.

- D. The Company shall not be liable for (a) any act or omission of any entity furnishing the Company or the Company's Customers facilities or equipment used for the interconnection with Access Services; or (b) for the acts or omissions of other Common Carriers.

COMPETITIVE ACCESS PROVIDER SERVICES TARIFF

SECTION 2 - RULES AND REGULATIONS, (Cont'd.)**2.1 Undertaking of the Company (Cont'd.)****2.1.4 Liability of the Company (cont'd.)**

- E. The Company shall not be liable for any damages or losses due to the fault or negligence of the Customer or due to the failure or malfunction of Customer-provided equipment or facilities.
- F. The Customer shall indemnify and hold the Company harmless from any and all loss, claims, demands, suits, or other actions, or any liability whatsoever, whether suffered, made, instituted, or asserted by any other party or person(s), and for any loss, damage, or destruction of any property, whether owned by the Customer or others, caused or claimed to have been caused directly or indirectly by the installation, operation, failure to operate, maintenance, removal, condition, location, or use of any installation or equipment provided by the Company. The Company reserves the right to require each Customer to sign an agreement acknowledging acceptance of the provisions of this Section 2.1.4.F as a condition precedent to such installations.
- G. The Company shall not be liable for any defacement of or damage to Customers Premises resulting from the furnishing of services or equipment on such Premises or the installation or removal thereof, unless such defacement or damage is caused by the gross negligence or willful misconduct of the Company's agents or employees. No agents or employees of other participating Carriers shall be deemed to be agents or employees' of the Company.

COMPETITIVE ACCESS PROVIDER SERVICES TARIFF

SECTION 2 - RULES AND REGULATIONS, (Cont'd.)**2.1 Undertaking of the Company (Cont'd.)****2.1.4 Liability of the Company (cont'd.)**

- H. Notwithstanding the Customer's obligations as set forth in Section 2.3 below, the Company shall be indemnified, defended and held harmless by the Customer, or by others authorized by it to use the service, against any claim, loss or damage arising from Customer's use of services furnished under this rate sheet, including: claims for libel, slander, invasion of privacy or infringement of copyright arising from the material, data, information, or other content transmitted via the Company's service; and patent infringement claims arising from combining or connecting the service offered by the Company with apparatus and systems of the Customer or others; all other claims arising out of any act or omission of the Customer or others, in connection with any service provided by the Company pursuant to this rate sheet.
- I. The Company shall be indemnified and held harmless by the End User against any claim, loss or damage arising from the End User's use of services offered under this rate sheet including: claims for libel, slander, invasion of privacy or infringement of copyright arising from the End User's own communications; patent infringement claims arising from the End User's combining or connecting the service offered by the Company with facilities or equipment furnished by the End User of another Interexchange Carrier; or all other claims arising out of any act or omission of the End User in connection with any service provided pursuant to this rate sheet.

COMPETITIVE ACCESS PROVIDER SERVICES TARIFF

SECTION 2 - RULES AND REGULATIONS, (Cont'd.)

2.1 Undertaking of the Company (Cont'd.)

2.1.4 Liability of the Company (cont'd.)

- J. The entire liability of the Company for any claim, loss, damage or expense from any cause whatsoever shall in no event exceed sums actually paid to the Company by the Customer for the specific services giving rise to the claim, and no action or proceeding against the Company shall be commenced more than one year after the service is rendered.
- K. The Company makes no warranties or representation, express or implied, including warranties or merchant's ability or fitness for a particular use, except those expressly set forth herein.
- L. The Company shall not be liable for any act or omission of any other company or companies furnishing a portion of the service, or for damages associated with service, Channels, or equipment which result from the operation of Customer-provided systems, equipment, facilities or service which are interconnected with Company services.

COMPETITIVE ACCESS PROVIDER SERVICES TARIFF

SECTION 2 - RULES AND REGULATIONS, (Cont'd.)**2.1 Undertaking of the Company (Cont'd.)****2.1.4 Liability of the Company (cont'd.)**

- M. The Company does not guarantee nor make any warranty with respect to service installations at locations at which there is present an atmosphere that is explosive, prone to fire, dangerous or otherwise unsuitable for such installations. The Customer and End User shall indemnify and hold the Company harmless from any and all loss, claims, demands, suits or other actions, or any liability whatsoever, whether suffered, made, instituted or asserted by the Customer or by any other party, for any personal injury to, or death of, any person or persons, or for any loss, damage or destruction of any property, whether owned by the Customer or others, caused or claimed to have been caused directly or indirectly, by the installation, operation, failure to operate, maintenance, removal, presence, condition, locations or use of service furnished by the Company at such locations.
- N. The Company shall not be liable for the Customer's failure to fulfill its obligations to take all necessary steps including, without limitation, obtaining, installing and maintaining all necessary equipment, materials and supplies, for interconnecting the terminal equipment or communications system of the Customer, or any third party acting as its agent, to the Company's Network. The Customer shall secure all licenses, permits, rights-of-way, and other arrangements necessary for such interconnection. In addition, the Customer shall ensure that its equipment and/or system or that of its agent is properly interfaced with the Company's service, that the signals emitted into the Company's Network are of the proper mode, band-width, power, data speed, and signal level for the intended use of the Customer and in compliance with the criteria set forth in Section 2.1.6 following, and that the signals do not damage Company equipment, injure its personnel or degrade service to other Customers. If the Customer or its agent fails to maintain and operate its equipment and/or system or that of its agent properly, with resulting imminent harm to Company equipment, personnel, or the quality of service to other Customers, the Company, may, upon written notice, require the use of protective equipment at the Customer's expense. If this fails to produce satisfactory quality and safety, the Company may, upon written notice, terminate the Customer's service without liability.

COMPETITIVE ACCESS PROVIDER SERVICES TARIFF

SECTION 2 - RULES AND REGULATIONS, (Cont'd.)**2.1 Undertaking of the Company (Cont'd.)****2.1.5 Notification of Service-Affecting Activities**

The Company will provide the Customer reasonable notification of service-affecting activities within its control that may occur in normal operation of its business. Such activities may include, but are not limited to, equipment or facilities additions, removals or rearrangements and routine preventative maintenance. Generally, such activities are not specific to an individual Customer but affect many Customers' services. No specific advance notification period is applicable to all service activities. The Company will work cooperatively with the Customer to determine the reasonable, notification requirements. With some emergency or unplanned service-affecting conditions, such as an outage resulting from cable damage, notification to the Customer may not be possible.
