RE: In the Matter of the petition of United Water Toms River Inc.
For Approval of an Increase in Rates for Water Service and Other Tariff Changes
Docket No. WR15020269

Dear Secretary Asbury,

Enclosed please find two copies of the Company's tariff sheets which incorporate the Board's Order dated August 19, 2015. Pursuant to the Order these tariff sheets will become effective for service rendered on and after August 29, 2015.

Please advise if you need additional information.

Very truly yours,

A handwritten signature in black ink, appearing to read 'Gary S. Prettyman', written over a large, faint circular stamp or watermark.

SECTION 1

STANDARD TERMS AND CONDITIONS

Issued: February 2, 2009

Effective: November 7, 2008
Docket No. WR08030139

By: Dennis Ciemniecki, President
200 Old Hook Road, Harrington Park, New Jersey 07640

STANDARD TERMS AND CONDITIONS

4. WATER MAIN EXTENSIONS

- 4.1 Applications for water main extensions shall be made in person, by telephone or by mail, at the Customer Service Office of the Company. Such applications shall be complete with all required forms. Upon receipt of such complete application, the Company will review and advise the applicant as to the most suitable plan for installing the proposed water main extension and the probable cost to the applicant.
- 4.2 Distribution mains will be extended only in public streets or highways provided that the consent of the public body responsible for the repair and maintenance of such streets or highways is first obtained, or in new streets or highways, not yet accepted, but which have been laid out according to an accepted plan approved by the appropriate authority. The Company will require an easement in cases where the streets or highways have not yet been accepted. In no case, however, will distribution mains be installed until streets or highways have been rough graded to an established and approved grade.
- 4.3 Water main extensions will be installed and deposits will be required pursuant to agreements between the Company and the applicant.
- 4.4 Each water main extension shall become part of the distribution system and shall be owned, maintained and controlled by the Company.
- 4.5 The Company will extend water service in accordance with all applicable laws of the State and Board of Public Utilities regulations and orders including but not limited to those regulations contained in N.J.A.C. 14:3-1, N.J.A.C. 14:3-6, N.J.A.C. 14:3-8, and N.J.A.C. 14:3-10.

Filed pursuant to an August 19, 2015 decision by the Board of Public Utilities in Docket No. WR15020269

Effective: August 29, 2015
Docket No. WR15020269

By: David Stanton, President
461 From Road, Paramus, New Jersey 07652

STANDARD TERMS AND CONDITIONS

- 5.5 A curb stop will be installed by the Company at or near the curb line, in such a manner as to permit the attachment of the customer's connecting pipe. Where the service pipe is two inches or greater in diameter, a valve will be installed at the tap for the purpose of turning on and shutting off water. Only Company employees or persons duly authorized by the Company are permitted to operate the curb stop or valve.
- 5.6 Unless otherwise agreed to by the Company, no premises shall be supplied by more than one service pipe. Where two or more end users are supplied through a single service pipe, a suitable location, approved by the Company, shall be provided for the meter.
- 5.7 Any change requested by the Customer in the location of the existing service pipe, provided such change is approved by the Company, shall be made at the expense of the Customer, who shall pay in advance the Company's estimated cost of such change.
- 5.8 Where a service pipe is available in front of a new customer's premises, said customer may obtain a larger size service pipe without charge; provided such service is established on a permanent basis. Any subsequent request for a reduction in the size of the meter shall be subject to Company approval and the payment by the customer of the difference between the cost of installing the large size service pipe and the cost of installing a service pipe normally installed for meters of the size requested by the customer.
- 5.9 Where a service pipe is available in front of a new customer's premises, said customer may obtain a smaller size meter without charge; provided such service is established on a permanent basis.
- 5.10 Where a large size service pipe has been installed at the request of a customer, in front of the premises not previously supplied, any subsequent request for a reduction in the size of the meter shall be subject to Company approval and the payment by the customer of the difference between the cost of installing the large size service pipe and the cost of installing a service pipe normally installed for meters of the size requested by the customer.

Filed pursuant to an August 19, 2015 decision by the Board of Public Utilities in Docket No. WR15020269

Issued: August 19, 2015

Effective: August 29, 2015
Docket No. WR15020269

By: David Stanton, President
461 From Road, Paramus, New Jersey 07652

STANDARD TERMS AND CONDITIONS

(f) As an additional condition to providing fire protection service, the Company requires the applicant to supply: (1) the name and address of the insurance company that provides the applicant with fire protection insurance for the property listed on the application; and (2) the policy number under which the fire protection is being provided, in accord with N.J.A.C. 14:3-3.2. Failure to provide this information may result in termination of service.

(g) On a semiannual basis, the Company shall solicit from its fire protection customers: (1) the name and address of the insurance company providing fire protection insurance at the time; and (2) the policy number under which the fire protection is being provided, in accord with N.J.A.C. 14:3-7.2. The customer must respond to the Company's request for information within 14 days of the customer's receipt of the request. Failure to provide this information may result in termination of service.

(h) No water should be used through private fire protection facilities except for permitted testing purposes or in case of fire. However, the Company must be notified at least 72 hours prior to the testing of any fire protection connection and shall be given the opportunity to witness said test.

8.2 The charges for private fire protection service are as follows:

(a) The charge for private fire protection service is based on the size of the service and shall be in accordance with Rate Schedule No. 3. The customer shall not be charged for water used solely for fire extinguishing purposes or for permitted testing purposes not in excess of 400 cubic feet per month. If water used for such purposes is billed, the customer shall be entitled to a refund upon notifying the Company of any payments made for water used solely for such purposes. Water used for any other purpose, however, shall be billed in accordance with the consumption charges shown on Rate Schedule No. 1. If requested by the Company, the customer will be required to furnish the Company with information as to the use of water for said fire extinguishing or testing purposes.

(b) The charge for private unmetered fire protection service through hydrants owned and maintained by the Company or customer shall be in accordance with Rate Schedule No. 3 of this Tariff and is based on the service opening size installed to the company owned main. The rate charged based on service opening size installed to the company owned main is applicable to all new connections after May 1, 2013. For connections made prior to May 1, 2013, customers will continue to be billed in the same manner as they had previously been billed.

(c) Bills for private fire protection service shall be rendered monthly.

(d) Private fire protection shall not be charged where the private fire service is rendered after a master meter on a multi-use service. A master meter on a multi-use service will be billed pursuant to Rate Schedule No. 1.
