8. AT&T SWITCHED ETHERNET SERVICE

8.3 Service Components (continued)

8.3.10 Cancellation Charges

(N)

A Customer may cancel an order for the installation of service at any time prior to notification by AT&T that service is available for the Customer's use. The Cancellation Date is the date AT&T receives written notice from the Customer that the order is to be cancelled.

When a Customer cancels an order (or a part of an order) for AT&T Switched Ethernet Service, cancellation charges will apply, even when nonrecurring installation charges would otherwise be waived. Applicable cancellation charges will be calculated based on the number of calendar days between AT&T's receipt of the order and the Cancellation Date. A cancellation charge will apply on a per Port Connection basis as shown in the Price List.

A. When Cancellation Charges Do Not Apply

- When a Customer cancels an order for the termination of existing service.
- If AT&T misses a service due date by more than 30 days due to circumstances over which it has direct control (excluding, e.g., acts of God, governmental requirements, work stoppages and civil commotion), the Customer may cancel the order without incurring cancellation charges.
- If the Customer cancels a network reconfiguration order (e.g., move, change or disconnect).
- If an order is cancelled because the Customer does not agree to pay applicable Special Construction charges as described in Section 2.10.

8. AT&T SWITCHED ETHERNET SERVICE

8.3 SERVICE COMPONENTS (continued)

8.3.11 Expedites

(T)

If the Customer desires that service be provided on an earlier date than that which has been established for the order or the provision of the service, the Customer may request that service be provided on an expedited basis. If AT&T determines that service can be provided on the requested date and that additional labor costs or extraordinary costs are required to meet the requested service date, the Customer will be notified and will be provided with an estimate of the additional charges involved. The total charge to the Customer for the Additional Engineering may not exceed the estimated amount by more than 10%. If the Customer instructs AT&T to proceed, such additional charges will be determined and billed to the Customer as follows:

To calculate the additional labor charges, AT&T will, upon authorization from the Customer to incur the additional labor charges, keep track of the additional labor hours used to meet the request of the Customer and will bill the Customer at the applicable additional labor charges as set forth in this Tariff.

- Extraordinary Costs: Special Construction terms and conditions will be used by AT&T to determine charges to recover the extraordinary costs which may be involved.
- If AT&T is subsequently unable to meet an agreed upon expedited service date, no Expedite Order Charge will apply, unless the missed service date was caused by the Customer.
- AT&T will adhere to Customer requested expedites approved by AT&T, except during circumstances beyond its direct control (i.e., acts of God, governmental requirements, work stoppages and civil commotions).
