Background

The Company filed the above-referenced Petition on July 13, 2015, seeking approval, pursuant to N.J.S.A. 48:2-14, N.J.S.A. 48:3-15 and N.J.A.C. 14:1-5.5, of City of Egg Harbor Ordinance 4-2015 granting the Company consent to provide natural gas utility service, and to construct and maintain pipes and related facilities in streets and other public areas, within the City. SJG currently provides natural gas service to approximately 1,460 residential customers, 205 commercial customers and 5 industrial customers within the City. Petition, ¶ 2. The Company anticipates customer growth within its service territory of approximately 1% annually for the next 3 to 5 years. Id. SJG represents that it has the capacity necessary to ensure a continuation of its natural gas service and does not foresee any concerns regarding its ability to meet the existing and future demands of the City. Petition, ¶ 3.

The Company services its customers within the City through its Pleasantville Division customer service center located at 111 North Franklin Blvd., Pleasantville, New Jersey. SJG anticipates that its Pleasantville Division will continue to service its customers in the City, with no changes in its location or hours of operation. Petition, ¶ 4.

The City granted the Company consent and permission to provide natural gas utility service and to construct and maintain pipes and related facilities in streets and other public areas within the City by Ordinance adopted on August 27, 1947. Petition, Ex. A. Pursuant to N.J.S.A. 48:3-15, the Company's right to use the streets within the City for the provision of service statutorily expired on August 27, 1997. See Petition, ¶ 6 and Ex. A.

In Ordinance 4-2015, adopted on May 14, 2015, the City set forth certain limits on its renewed consent and permission to SJG, including limiting the consent to a period of ten years from the date of its final adoption. Petition, ¶ 7 and Ex. B. On June 11, 2015, the Company

accepted and agreed to the terms and conditions of the municipal consent in Ordinance 4-2015, pursuant to N.J.S.A. 48:3-16. Petition, ¶ 8 and Ex. C.

At the hearing held by the hearing officer for the Board of Public Utilities on this Petition on September 28, 2015, Joseph R. Schneider, General Manager of System Engineering and Planning, testified that the Company has the capacity to meet the existing and future needs of customers located within the municipality. 7T:L18-21 & 9T:L7-20 (9/28/15). Mr. Schneider also testified that Egg Harbor City limited its consent for SJG to use its streets to a period of ten years. 8T:L2-11 (9/28/15). No member of the public appeared at the hearing and no one has contacted our office with any objection regarding this matter.

Rate Counsel Position

The Company represents that it has the capacity necessary to continue providing natural gas service to its customers located in the City. Petition, ¶ 3. For this reason, and the fact that the municipal consent in Ordinance 4-2015 is limited to ten years, a term shorter than the statutory fifty year term limit, Rate Counsel does not object to approval of SJG's Petition. Rate Counsel recommends that the Board's Order specifically provide that its approval does not include authorization to include in rate base any specific assets that may be constructed as a result of approval of this Petition. The determination of any assets to be included in rate base and any ratemaking impacts as a result of the municipal consent should be addressed in a future base rate case or other appropriate proceeding.

Accordingly, Rate Counsel recommends that any Board Order approving the Company's Petition contain the following language:

1. As required by N.J.S.A. 48:3-15, the municipal consent for the use of streets and other public places is limited to a term not exceeding ten years.

2. This Order shall not be construed as directly or indirectly fixing for any purposes whatsoever any value of any tangible or intangible assets now owned or hereafter to be owned by the Petitioner.
3. This Order shall not affect, nor in any way limit, the exercise of the authority of this Board or of this State, in any future Petition or in any proceedings with respect to rates, franchises, service, financing, accounting, capitalization, depreciation, or in any other matter affecting the Petitioner.

These provisions will satisfy the concerns of Rate Counsel that the Company is in compliance with the proper statutory framework, that Board approval is limited to the municipal consent, and that there is no authorization to include any specific assets or amounts in rate base, nor authorization for any other ratemaking treatment. If the Board adopts these conditions, Rate Counsel is not opposed to approval of the above-referenced Petition.

Respectfully submitted,
