RE: NJ BPU Docket CM15111255 and TM15111256

Irene Kim Asbury, Secretary
New Jersey Board of Public Utilities
44 South Clinton Avenue
P.O. Box 350
Trenton, NJ 08625-0350

Dear Secretary Asbury:

The North Hudson Community Action Corporation (NHCAC) provides comprehensive health and social services to residents of northern New Jersey. We are writing to express our support for the proposed acquisition of Cablevision by Altice because we believe our employees, our clientele and the local economy will benefit from this transaction.

Our organization has worked with Cablevision for many years. Their support, along with the support of many other generous organizations and individuals, has allowed us to provide vital services to northern New Jersey residents. Cablevision helps to raise awareness of our work in the community by covering many of our programs and helping us to create and air public service announcements. I also have had the opportunity to participate in Cablevision's Meet the Leaders program. These types of initiatives demonstrate Cablevision's commitment to the communities it serves.

We are pleased that a company like Altice, with its resources and history of innovation will be our new partner. We look forward to continuing our relationship, and as such, encourage the Board of Public Utilities to approve this transaction.

Sincerely,

Joan M. Quigley
President/CEO
