I, PAUL JAMIESON, being of full age, being duly sworn, deposes and says:

1. I am Vice President, Government and Policy, for Altice USA (hereinafter “the Company”).

setting forth the Service Quality Benchmark is not a public document created by a public entity with public funds that may be routinely provided to the public.

6. The document containing the Service Quality Benchmark is not available to the general public and has not been publicly divulged. The Company has taken precautions to make sure that this information does not enter the public domain.

7. Maintaining the confidentiality of the Service Quality Benchmark will not harm the general public.

8. In view of the foregoing, it is clear that the document containing the proprietary Service Quality Benchmark is confidential and if disclosed, would give competitors an undue competitive advantage that would have a significant adverse impact on the Company's financial position. Therefore, the clear prejudice to Company and the unfair advantage to its competitors require continued confidential treatment for at least five years from the date of this affidavit.
