The parties discussed the Public Hearing that was held on September 26, 2016. One person of interest attended the hearing. She was the Mount Olive Township Administrator. She did not object to the amount of the increase, she objected to the customers being charged that high of an increase in one (1) year.

Petitioner represented that Gail Brady had been hired to assist in this matter. Also, that the majority of the discovery had been answered. The rest would be submitted by the following Friday. A settlement meeting is scheduled for October 27, 2016 and both parties believe that a settlement is highly likely. Another status conference was scheduled for November 2, 2016 at 11:00 am. Ms. Fairweather's office will set up the conference.
