**Parties of Record:**

**Phillip J. Passanante, Esq.**, on behalf of Atlantic City Electric Company, Petitioner  
**Stefanie A. Brand, Esq.**, Director, Division of Rate Counsel

**BY THE BOARD:**

On March 30, 2017, pursuant to N.J.S.A. 48:2-21 and N.J.A.C. 14:1-5.12, Atlantic City Electric Company ("ACE" or "Company"), a public utility of the State of New Jersey subject to the jurisdiction of the New Jersey Board of Public Utilities ("Board"), filed a petition for approval of an increase in its current base rates for electric service of approximately \$74.8 million, including Sales and Use Tax, to be effective for electric service provided on or after April 30, 2017. The Company is also requesting a return on equity of 10.10%. According to the petition, the primary reason for the requested increase is that Company's current base rates do not: (i) provide sufficient operating revenues to reflect increased investment in the Company's rate base, meet operating expenses, taxes, and fixed charges, and maintain its financial viability; and (ii) provide an opportunity to earn a reasonable rate of return on the fair value of the Company's property.

In addition, ACE seeks authority to: (i) create a regulatory asset to record the costs to achieve merger synergy savings and to amortize those costs over a five (5) year period; (ii) incorporate the results of its Cost of Service Study and consider the unitized rate of return for each customer rate class in the allocation of overall revenue requirements among rate classes; and (iii) modify certain charges, including monthly customer charges, and provide format changes to tariff sheets delineating the pricing for certain Rate Schedules.

Additionally, the Company is requesting that the Board relieve it of the obligation to file an alternative rate design using Peak and Average Coincident Peak method as required by the Board in the Order issued in connection with in Docket No. ER03020110. ACE also seeks approval of a tracker to permit contemporaneous recovery of costs associated with reliability and system renewal-related capital investments as those facilities are placed in service.

It appearing that the proposed revisions, if approved, will increase existing rates and change or alter existing classifications in the Company's tariff, it is **HEREBY ORDERED** that:

- (1) Pursuant to N.J.S.A. 48:2-21(d), the proposed revisions are suspended until August 30, 2017, unless prior to that date the Board makes a determination disposing of the petition or enters an Order further suspending the proposed revisions;
- (2) ACE shall, at least ten (10) days prior to the date set for hearing on the petition by the Office of Administrative Law ("OAL"), file with this Board and with the OAL, proof of compliance with the notice provisions of N.J.S.A. 48:2-32.2 and N.J.A.C. 14:1-5.12(b) and (c), which notice shall include a statement that any relief found by the Board to be just and reasonable may be allocated by the Board to any class or classes of customers on any rate or schedule as the Board may determine; and
- (3) ACE shall serve copies of this Order upon the OAL, the Division of Rate Counsel (140 East Front Street, 4th Floor, Post Office Box 003, Trenton, N.J. 08625), the clerk of each affected municipality, the clerk of the Boards of Chosen Freeholders of the affected county, and where appropriate, the executive officer of the affected county within its service area. Service of the petition, notice of hearings and this Order may be made simultaneously. Proof of service of this Order shall be filed with the Board within fifteen (15) days of the effective date of this Order.

This Order shall be effective on April 30, 2017.
