**SECTION 3 - SWITCHED ACCESS SERVICE, (CONT'D)**

**3.3 Rate Categories**

There are three rate categories which apply to Switched Access Service:

- End Office Switching (includes Common Line and Switched Transport)
- Toll-Free 8XX Data Base Access Service
- Optional Features

**3.3.1 End Office Switching**

The Company combines traditional per minute switched access rate elements into a single composite per minute rate element. This element includes the following rate categories:

**A. Common Line**

The Common Line rate category establishes the charges related to the use of Company-provided end user common lines by customers and end users for intrastate access.

**B. Switched Transport**

The Switched Transport rate category establishes the charges related to the transmission and tandem switching facilities between the customer designated premises and the end office switch(es) where the customer's traffic is switched to originate or terminate the customer's communications. The Switched Transport rate category also includes transport between an end office which serves as host for a remote switching system or module (RSS or RSM) and the RSS or RSM.

The terminating switched transport rate schedules are bifurcated into "3<sup>rd</sup> Party" and "Non-3<sup>rd</sup> Party" rates. The Company bills the Non-3<sup>rd</sup> Party terminating switched transport rates, in accordance with Commission Rules 51.907(g)(2) and 51.907(g), for "terminating traffic traversing a tandem switch that the terminating carrier or its affiliates owns." All other terminating switched transport traffic is billed the 3<sup>rd</sup> Party terminating switched transport rates.

**C. End Office Switching**

The End Office Switching rate category establishes the charges related to the use of end office switching equipment, the terminations in the end office of end user lines, the terminations of calls at Company Intercept Operators or recordings, the Signaling Transfer Point (STP) costs, and the SS7 signaling function between the end office and the STP.

**3.9 Rates and Charges (Continued)**

**3.9.3 End Office Switching**

**C. Information Surcharge**

- Per Minute Note 1

Note 1: All access minutes are billed at a single per minute access rate found in Section 3.9.3A, Local Switching. This composite rate includes the elements traditionally billed as Transport Interconnection Charge and Information Surcharge.

\*All terminating switched access will be assessed access charges at the rates set forth in the Company's Federal Access Tariff, FCC No. 1, as amended from time to time. The current rates are shown above.
