ORDER EXTENDING 180

DOCKET NO. ER17080869

(SERVICE LIST AND STIPULATION ATTACHED)

BY COMMISSIONER CHIVUKULA:

BACKGROUND AND PROCEDURAL HISTORY

On August 9, 2017, Rockland Electric Company ("RECO" or "Company") filed a petition ("August 2017 Petition") with the New Jersey Board of Public Utilities ("Board") for approval of a Low Income Audit and Direct Install Energy Efficiency III Program ("Low Income III Program" or "Program"). By way of a letter dated September 7, 2017 ("Deficiency Letter"), Board Staff ("Staff") informed the Company that it found the August 2017 Petition to be administratively deficient with respect to the Minimum Filing Requirements set forth in the Board's May 2008 Order. In response to Staff's Deficiency Letter, the Company filed supplemental information on September 26, 2017. On October 6, 2017, Staff advised RECO that the August 2017 Petition was administratively complete as of September 26, 2017. The 180-day review period therefore ends on March 25, 2018.

In its petition, RECO requested approval of a two year Low Income Audit III Program designed to provide eligible RECO customers with energy efficiency measures based on results of an energy audit, including health and safety testing, at no charge. Cost effective energy savings measures may include air sealing measures and thermal barriers, LED lightbulbs, programmable thermostats, insulation and refrigerator and room air conditioner replacement.

The Company proposed a total projected cost of \$225,800 in Year 1 and \$229,600 in Year 2, or a total of \$455,400 over the two years of the Program. Approximately \$356,000 remains from the Low Income Audit II Program because average participation and measure spending was lower than projected. RECO requested the Board approve the use of those funds and an additional \$100,000 for the Low Income Audit III Program. The Company's proposal would provide an average of \$1,600 in energy efficiency measures (to be capped at \$2,500) per household in Year One. The maximum per household value per year would increase in the second year of the Program by 2.1% to account for the annual cost of inflation, so that the

maximum value would increase to \$1,634 per household in Year 2 of the program (to be capped at \$2,553). In addition, the Company requested approval of rate recovery of all costs through its RGGI Surcharge, with the carrying charge on its deferred balances for the Low Income III Program based on the overall weighted average cost of capital as authorized by the Board in its most recent base rate case (7.47%).¹

By Order dated September 22, 2017, the Board determined that this matter should be retained by the Board for review and hearing and designated me as the presiding officer, with the authority to rule on all motions that arise during the pendency of these proceedings and modify any schedules that may be set as necessary to secure a just and expeditious determination of the issues. Moreover, to enable the Board to effectively and efficiently carry out its mandate under N.J.S.A. 48:3-98.1 and to allow development of a complete record, the Board authorized me to render decisions on stipulations, pursuant to N.J.S.A. 48:2-21.3, extending the 180-day review period, if submitted, provided that the stipulation extending the time period is executed by all parties to the proceeding. The authority so delegated was limited to extensions that do not collectively exceed 180 days, with any further request for extensions to be directed to the Board.

On November 8, 2017, I issued a Prehearing Order in this matter which, among other things, established the issues to be determined by the Board and a procedural schedule. On December 14, 2017, the Company filed a letter motion with me seeking to amend the Prehearing Order. On December 22, Rate Counsel filed a letter motion in opposition to the Company's motion. On December 29, the Company submitted a letter in response to Rate Counsel's reply, renewing its request to amend the Prehearing Order. On January 5, 2018, Rate Counsel submitted a letter in response to the Company's reply, renewing its request that the Company's motion be denied.

Following adequate public notice, public hearings on the Company's Petition were held on November 29, 2017 at 4:30 p.m. and 5:30 p.m. at the Mahwah Township Hall in Mahwah, New Jersey. No members of the public appeared at the public hearings and the Board received no written comments on the matter.

The Company, the New Jersey Division of Rate Counsel, and Staff (collectively, "Parties") have engaged in extensive discovery and participated in a number of settlement and discovery conferences.

STIPULATION

Based on the status of current settlement discussions, the Parties have agreed that an extension of the 180-day review period is appropriate. Accordingly, on February 27, 2018, the Parties entered into a stipulation to extend the review period ("Stipulation") to April 25, 2018 to allow time for a thorough review of the proposed Low Income III Program by the Board.

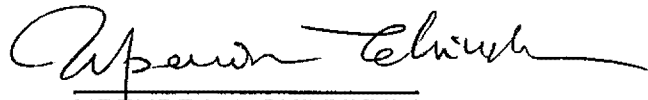

¹ In re the Verified Petition of Rockland Electric Company for Approval of Changes in Electric Rates, Its Tariff for Electric Services, and Its Depreciation Rates; Approval of an Advanced Metering Program; and for Other Relief, BPU Docket No. ER16050428, Order dated February 22, 2017.

DISCUSSION AND FINDING

N.J.S.A. 48:2-21.3 allows any public utility to file with the Board a written stipulation waiving the effective date of any tariff or rate, subject to the Board's approval. In this case, the Parties have agreed to an extension until April 25, 2018. No party has opposed the Stipulation or the extension of the review period. I **HEREBY FIND** that the Stipulation extending the review period to April 25, 2018 is fair, reasonable, and in the public interest by providing additional time for a thorough review of the proposed Low Income III Program. Accordingly, I **HEREBY ADOPT** the attached Stipulation, incorporating by reference its terms and conditions as if fully set forth herein, and **HEREBY EXTEND** the review period to April 25, 2018.

This provisional ruling is subject to ratification or other alteration by the Board as it deems appropriate during the proceedings in this matter.
