MIDDLESEX WATER COMPANY

B.P.U. No. 1 - WATER

BOARD OF PUBLIC UTILITIES

MAR 29 2018

MAIL RECEIVED

MIDDLESEX WATER COMPANY

TARIFF

for

WATER SERVICE

Applicable in

ALL TERRITORY SUPPLIED BY THE COMPANY

IN CUMBERLAND, MIDDLESEX, MONMOUTH AND UNION COUNTIES

Date of Issue: October 10, 2017

Issued by: Dennis W. Doll, President
1500 Ronson Road
Iselin, New Jersey 08830-0452

Effective for service
Rendered on and after:

April 1, 2018

Filed pursuant to an Order of the Board of Public Utilities, State of New Jersey, dated March 26, 2018 in Docket No. WR17101049.

STANDARD TERMS AND CONDITIONS

2. APPLICATION FOR ESTABLISHMENT OF SERVICE

- 2.1 Application for water service may be made by telephone, by mail or in person. Such application shall be made, and accepted, and any applicable deposits and fees shall be paid before any service is provided.
- 2.2 Written application is required only for establishment of service to a location not previously served. Application forms, where required, will be provided by the Company upon request.
- 2.3 All applications shall be made by the prospective customer or the customer's duly authorized agent.
- 2.4 A separate application for water service must be made for each water connection, including fire and irrigation service.
- 2.5 Applications for water service are not transferable. Each new owner or occupant of the premises to be supplied is required to make a new application.
- 2.6 Application shall not be accepted from a present or former customer in arrears on a valid bill for water service on any other premises for which the customer had made application for water service except in cases where a mutually agreed payment plan has been established between such customer and the Company for payment of a valid bill which is past due.
- 2.7 Each customer shall notify the Company promptly of any change of ownership of the premises supplied under his application.
- 2.8 Where more than one rate schedule is available to particular customers, the utility shall have at all times the duty to assist such customers in the selection of the rate schedule most favorable for their individual requirements and to make every reasonable effort to insure that such customers are served under the most advantageous schedule.
- 2.9 Application may be made for a new connection and service pipe through which water service is not immediately desired. A special form of agreement shall be entered into, which provides that the customer shall bear the entire expense of making the connection, subject to a refund of the cost of installing the service line from the main to the curb, including the curb stop, whenever regular service is commenced. No refunds will be made after ten years from the date of installation of the connection.

Date of Issue: October 10, 2017

Effective for service

1500 Ronson Road

April 1, 2018

Iselin, New Jersey 08830-0452

STANDARD TERMS AND CONDITIONS

3. CUSTOMERS' DEPOSITS (Continued)

3.7 Following discontinuance of service, the customer will receive a refund of any deposit, together with outstanding interest, less any amount due for unpaid bills.

3.8 Deposits will be required to guarantee the payment for metered water used for construction purposes where no advance payments have been made. These deposits will be based upon the cost of the meter, the cost of the backflow prevention device plus the estimated amount of water which may be used during construction. When the meter and backflow prevention device are returned to the Company in good condition, the deposit will be refunded together with outstanding interest, less any amount due for unpaid bills.

Date of Issue: October 10, 2017

Issued by: Dennis W. Doll, President
1500 Ronson Road
Iselin, New Jersey 08830-3020

Effective for service
Rendered on and after:

April 1, 2018

Filed pursuant to an Order of the Board of Public Utilities, State of New Jersey, dated March 26, 2018, in Docket No. WR17101049.

STANDARD TERMS AND CONDITIONS

4. SERVICE PIPES

4.1 The service pipe from the distribution main to the curb line, including the curb stop , meter pit and meter will be furnished, installed and maintained by the Company at its expense, except as otherwise provided in this Tariff.

4.2 Only employees or other persons authorized by the Company will be permitted to make connections to the mains, access meter pits, operate curb stops and remove, service, or repair meters of the Company.

4.3 The Company will control the size of the opening to be made in the distribution main and the size of the service pipe to be installed.

4.4 No service pipe will be installed until the connecting pipe has been installed and staked by the Customer within 24" of the curb or edge of pavement; or where the connecting pipe is installed in the same trench with sewer pipe, gas pipe, electric conduit or any other facility.

4.5 A curb stop and meter pit will be installed by the Company at or near the premises, in such a manner as to permit the attachment of the customer's connecting pipe up to and including 2" diameter pipe. The curb stop or meter pit is available for turning on and shutting off the supply of water in emergencies or for purposes of repair. Only Company employees or persons duly authorized to do so by the Company are permitted to operate the curb stop or meter pit.

4.6 No premises shall be supplied by more than one service pipe, unless agreed upon by the Company .

4.7 Where two or more customers, within a single, contiguous structure, are supplied through a single service pipe, the piping of the meter enclosure shall provide a separate lock valve ahead of the inlet to each customer's meter.

4.8 (Reserved for Future Use)

Date of Issue: October 10, 2017

Issued by: Dennis W. Doll, President
1500 Ronson Road
Iselin, New Jersey 08830-0452

Effective for service
Rendered on and after:

April 1, 2018

STANDARD TERMS AND CONDITIONS

4. SERVICE PIPES (Continued)

4.9 Any change requested by the customer in the location or configuration of the existing service pipe, if approved by the Company, shall be made at the expense of the customer including the necessary modifications to comply with the Company's cross connection control and exterior meter enclosure requirements.

4.10 Where a service pipe is for temporary use, the customer shall bear the entire expense of making the connection, subject to a refund whenever service is established on a permanent basis.

4.11 Where a service pipe is available for a customer's premises, the customer may obtain a larger size service without charge, provided such service is established on a permanent basis. Any subsequent request for a reduction in the size of the meter shall be subject to Company approval and the payment by the customer of the cost of installing the larger size service.

4.12 Where a large size service pipe has been installed at the request of a customer, for premises not previously supplied, any subsequent request for a reduction in the size of the meter shall be subject to Company approval and the payment by the customer of the difference between the cost of installing the service pipe and the cost of installing a service line that is usually installed with the new sized meter.

4.13 Charges and costs, if any, associated with special road opening and restoration requirements imposed by the governing agency shall be reimbursed by the customer (or prospective customer) requesting said work resulting in the need to open a roadway under moratorium.. This includes fines or charges in excess of normal road opening permit fees, costs for restoration work required, and any other costs incurred by the Company for this work. The burden of obtaining the approval of the governing agency for this road opening, and any costs related to this approval shall be the responsibility of the customer (or prospective customer).

4.14 Charges for service pipe installation that are excessive shall be paid by the Customer. The cost of a service pipe installation shall be considered excessive if the cost of the installation exceeds two (2) times the average cost of the same diameter service of the previous 12 month calendar year. The Customer shall reimburse the Company for the difference between the actual installation costs and the amount used to determine if the costs is excessive.

Date of Issue: October 10, 2017

Issued by: Dennis W. Doll, President
1500 Ronson Road

Iselin, New Jersey 08830-0452

Effective for service
Rendered on and after:

April 1, 2018

STANDARD TERMS AND CONDITIONS

5. CONNECTING PIPES

5.1 A connecting pipe attached to the service pipe shall be installed at the expense of the customer to convey the water supply within the property of the customer.

5.2 The connecting pipe is the property of the customer and shall be maintained and kept in repair by customer. The un-metered length of any connecting pipe shall not exceed 10' in length, as measured from the curb stop or curb line to the proposed point of metering.

5.3 The connecting pipe shall be of strength and quality approved by the local municipal construction code or other authority with jurisdiction.

5.4 The connecting pipe shall be installed by a licensed plumber or other approved mechanic prior to the installation of the Company's service pipe. The Connecting pipe shall be installed to within 24" of the curb or edge of pavement, the termination point staked and the pipe shall be properly sealed by the plumber or mechanic to prevent the entry of ground water into the pipe. The pipe shall be installed without sharp bends, at right angles to the line of the street, in a trench not less than four feet in depth, to avoid damage and possible interruption to service caused by freezing. The pipe shall not be installed within three feet of any permanent excavation or vault or other subsurface structure. Other utility service pipes, such as sewer or gas, shall not be installed in the same trench.

5.5 The Company reserves the right to inspect the installation prior to backfilling the trench and to withhold the supply of water service whenever such installation or any part thereof is deemed by the Company to be leaking, unsafe, inadequate or unsuitable for receiving service, or to interfere with or impair the continuity or quality of service to the customer or to others.

5.6 No attachment shall be made to the service or connecting pipe, or any branch thereof, between the meter and the main.

5.7 The customer shall make all changes in the connecting pipe due to changes in grade, relocation of mains, or other causes, at the customer's expense, unless the change is instituted by the Company.

5.8 Where it is necessary to install a connecting pipe on the property of persons other than the applicant for service, written authority from such property owners, in a form approved by the Company, shall be obtained by the applicant.

Effective for service
Rendered on and after:

April 1, 2018

Filed pursuant to an Order of the Board of Public Utilities, State of New Jersey, dated March 26, 2018, in Docket No. WR17101049.

STANDARD TERMS AND CONDITIONS

6. METERS

6.1 The Company will furnish, install and maintain meters without charge, except as otherwise provided in this Tariff, and will determine the size, type and make of meter to be used, based on the service desired.

6.2 No unmetered connections are permitted.

6.3 (Reserved for Future Use.)

6.4 (Reserved for Future Use.)

6.5 The Company may require a remote meter reading device to be purchased and installed by the Company at the expense of the Company.

6.6 (Reserved for Future Use.)

6.7 The location of the meter and the arrangement of the fittings and pipe shall be subject to inspection and approval by the Company. Valves are to be installed on the inlet and outlet side of the meter.

6.8 Meters shall be installed inside a permanent meter enclosure located no more than 10-feet from the curb stop unless otherwise required or agreed to by the Company. When meters are permitted by the Company to be installed inside the customer’s commercial, multi-unit dwelling or industrial building, the meters shall be located in a clean, dry, heated, illuminated, safe place not subject to great variations in temperature, within 5-feet to the point of entrance of the connecting pipe. The location shall be separated from the remainder of the premise by a permanent wall with a single exterior entrance such as to be easily accessible, with a minimum of inconvenience to the

STANDARD TERMS AND CONDITIONS

6. METERS (Continued)

Company, for reading, inspecting, testing, changing and making necessary adjustments or repairs. For meters larger than 4" located within the premise, the customer shall provide a paved concrete surface that is readily accessible to self-propelled, mechanical lifting equipment without the need to dismantle or remove any portions of the structure, landscape or features of the property to remove the meter.

6.9 For meters one and one-half inches (1-1/2") in size and larger, if requested by the Customer, or when service cannot readily be interrupted for testing or replacing the meter per BPU regulations, or upon the Company's discovery of open bypass, the installation for said meter shall be equipped with metered and cross connection controlled bypass piping of a type and arrangement approved by the Company which will permit the removal or testing of the meter without interruption of water service.

6.10 (Reserved for Future Use.)

6.11 Where it is necessary to install a meter enclosure outside of the public right-of-way, or in a driveway, roadway, or any other location determined to be unacceptable by the Company the installation is subject to the approval of the Company and the cost of installing, operating and maintaining the meter enclosure shall be the responsibility of the customer.

6.12 Company installed and owned meter enclosure shall be located in an accessible place, protected from vehicular traffic, away from terraces, fences or other structures and shall be so located that they will not be a hazard to pedestrians.

6.13 If the meter enclosure is installed upon property which is not owned by the customer, the customer is required to furnish the Company written permission from the owner of the property which will be binding on the owner, his administrators, executors, heirs, successors and assigns.

6.14 The meter enclosure shall be frost-proof, heated when above-ground and either well drained or watertight and shall be provided with a secure cover or access door with a convenient locking device. Meter enclosures shall be kept clear of snow, ice, dirt, mulch, tress/shrubs, fences, landscaping, vehicles, equipment or any other objects which might prevent ready accessibility for reading, inspecting, testing, changing and making necessary adjustments or repairs of the meter.

Date of Issue: October 10, 2017

Issued by: Dennis W. Doll, President
1500 Ronson Road
Iselin, New Jersey 08830-0452

Effective for service
Rendered on and after:

April 1, 2018

Filed pursuant to an Order of the Board of Public Utilities, State of New Jersey, dated March 26, 2018, in Docket No. WR17101049.

STANDARD TERMS AND CONDITIONS

6. METERS (Continued)

6.15 The Company maintains and repairs meters except in case of misuse or damage by frost, hot water or external causes, in which event the cost of repairing and replacing the meter shall be charged to the customer, said charge to be based on the direct labor and equipment costs of removing, repairing, replacing and/or resetting the meter.

6.16 All meters are carefully tested before being placed in service and are inspected periodically while in service. Therefore, the quantity of water recorded by the meter, as ascertained by periodic meter readings, shall be taken to be the amount delivered to the customer, except where the meter has been found to be registering fast or has ceased to register.

6.17 Where the meter has ceased to register or where access to the meter cannot be obtained, meter readings may be estimated by a fair and reasonable method based upon the best information available.

6.18 If a customer observes an unusual increase over the average quantity of water used, which cannot be accounted for, the Customer should inform the Company immediately.

6.19 When a billing dispute is known to exist, the utility shall, prior to removing the meter, advise the customer that the customer may have the meter tested by the utility or may have the Board either conduct a test of the meter or witness a testing of the meter by the utility, and that in any event the customer may have the test witnessed by a third party. (N.J.A.C. 14:3-4.5(c))

A meter test arising from a billing dispute may be appropriate in instances which include, but are not limited to, unexplained increased consumption, crossed meters, consumption while account is vacant or any other instance where the meter's accuracy might be an issue in a bill dispute.

A report giving results of such tests shall be made to the customer, and a complete record of such test shall be kept on file at the office of the utility in accordance with N.J.A.C. 14:3-4.7 Meter records.

Date of Issue: October 10, 2017

Issued by: Dennis W. Doll, President
1500 Ronson Road
Iselin, New Jersey 08830-3020

Effective for service
Rendered on and after:

April 1, 2018

Filed pursuant to an Order of the Board of Public Utilities, State of New Jersey, dated March 26, 2018 in Docket No. WR17101049.

STANDARD TERMS AND CONDITIONS

6. METERS (Continued)

6.20 If a meter is found to be registering fast by more than 1 1/2 percent, an adjustment of charges will be made.

6.21 If a meter, upon test, is found to register within the prescribed limits of accuracy, the Company reserves the right to reset the same meter in the premises from which it was removed.

6.22 Only employees or persons authorized by the Company shall remove the meter under any circumstances.

6.23 Tampering with the meter, meter pit, curb stops, valves, or its connections is prohibited.

Date of Issue: October 10, 2017

Issued by: Dennis W. Doll, President
1500 Ronson Road
Iselin, New Jersey 08830-3020

Effective for service
Rendered on and after:

April 1, 2018

Filed pursuant to an Order of the Board of Public Utilities, State of New Jersey, dated March 26, 2018, in Docket No. WR17101049.

STANDARD TERMS AND CONDITIONS

7. CUSTOMERS' PREMISES

7.1 The Company may refuse to provide a water service connection with any customer's piping system or furnish water to any connecting pipe already installed, when the customer's piping system is not installed in accordance with the regulations of the Company (including but not limited to the Cross Connection Control Plan) and of the municipality in which the premises are located; or when the piping system on the premises has not been protected from allowing groundwater/soil to enter the connecting pipe or when it is not at sufficient depth to prevent freezing.

7.2 The Company shall have the right of reasonable access to a customer's premises and to all property supplied by it, at reasonable times, for the purpose of inspection incident to the rendering of service, reading meters or inspecting, testing or repairing its facilities used in connection with supplying service, or for the removal of its property.

7.3 The customer shall obtain or cause to be obtained, all permits needed by the Company for access to its facilities. The Company, where necessary, will make application for any street opening permits for installing its service connections and shall not be required to furnish service until after such permits are granted. The municipal charge, if any, for permission to open the street shall be paid by the customer.

7.4 Reserved.

7.5 The customer shall not permit access to the meter or other facilities of the Company except to employees of the Company, duly authorized state regulatory officials and the customer's certified backflow prevention device testers.

7.6 In case of defective service, the customer shall not interfere with the apparatus or appliances belonging to the Company but shall notify the Company immediately.

7.7 All piping within a customer's premises shall comply with State, municipal and other regulations in force with respect thereto.

Date of Issue: October 10, 2017

Issued by: Dennis W. Doll, President
1500 Ronson Road
Iselin, New Jersey 08830-0452

Effective for service
Rendered on and after:

April 1, 2018

Filed pursuant to an Order of the Board of Public Utilities, State of New Jersey, dated March 26, 2018, in Docket No. WR17101049.

STANDARD TERMS AND CONDITIONS

7. CUSTOMERS' PREMISES (Continued)

7.8 Physical connections, such as cross connections, either permanent or temporary, between pipes on a customer's premises supplied by the Company and any unapproved source of supply are strictly prohibited.

7.9 In any premises where an NJDEP approved auxiliary water source is permitted, the pipes carrying water from the mains of the Company are required to be marked in some distinctive manner for ready identification.

7.10 No device or connection shall be permitted between pipes or fixtures carrying water from the mains of the Company and any portion of the plumbing system of the premises or any other piping system on the premises in cases where the system is not designed to prevent backflow or back-siphonage in accordance with the Company's Cross Connection Control Plan.

7.11 If a premise is to remain unoccupied for an indefinite period, customers are advised to have the interior plumbing drained, especially during cold weather, to avoid damage to pipes and fixtures. When requested, the Company will suspend service to unoccupied premises temporarily by shutting off the water at the curb and removing the meter.

7.12 Whenever leakage occurs on pipes and facilities owned by the customer, the customer shall make the necessary repairs without delay. If the customer fails to make said repairs, the Company reserves the right to discontinue the supply until such time as the leak is repaired. A reconnection charge will apply should the Company take action to physically discontinue water service.

7.13 All costs associated with periodic testing of an approved backflow prevention device and reporting of said test results shall be the responsibility of the Customer. The reporting format and mechanism for reporting test results shall be determined by the Company.

STANDARD TERMS AND CONDITIONS

9. DISCONTINUANCE OF SERVICE

9.1 The Company shall, upon reasonable notice, when it can be reasonably given, have the right to suspend or curtail or discontinue service for the following reasons:

9.1.1 For the purpose of making permanent or temporary repairs, changes or improvements in any part of its system;

9.1.2 For compliance in good faith with any governmental order or directive notwithstanding such order or directive subsequently may be held to be invalid;

9.1.3 For any or the following acts or omissions on the part of the customer;

(a) Nonpayment of a valid bill due for service furnished at the present or previous location. However, nonpayment for business service shall not be a reason for discontinuance of residence service, except in cases of diversion of service pursuant to N.J.A.C. 14:3-7.8 and service shall not be discontinued for nonpayment of repairs charges, merchandise charges and non-tariff contracted service charges between the customer and the utility, nor shall notice threatening such discontinuance be given.

(b) Tampering with any facility of the Company; theft of service, failure to install, test and maintain adequate cross connection control as required under the Company's Cross Connection Control Plan.

(c) Fraudulent representation in relation to the use of service.

(d) Customer moving from the premises, unless the customer requests that service be discontinued;

(e) Providing the Company's service to another without approval of the Company.

(f) Failure to make or increase an advance payment or deposit as provided for in these regulations or the Company's tariff;

(g) Refusal to contract for service where such contract is required;

STANDARD TERMS AND CONDITIONS

10. PRIVATE FIRE PROTECTION SERVICE

10.1 Customers are required to make separate written application for private fire protection service and enter into an agreement pertaining to conditions for service.

10.2 Private fire service installations shall be made in accordance with the provisions of this Tariff regarding the installation of service and connecting pipes and other facilities. Private fire protection systems that include storage tanks, pumping equipment, fire hydrants and/or any combination of these will be required to comply with the Company's Cross Connection Control Plan.

10.3 Private fire service lines that do not include fire hydrants, storage tanks, pumping equipment and/or any combination of these shall be equipped with a rated fire service meter and double check valve assembly in accordance with the Company's Cross Connection Control Plan; private fire service lines without private hydrants shall be equipped with detector-check type meters and shall be used exclusively for fire protection purposes. The connecting pipe shall be the at least the same size as the meter.

10.4 No water shall be used through private fire protection facilities except for purposes of testing or in case of fire.

10.5 The charge for private fire service is based on the size of the meter. Bills are rendered monthly. No charge is made for water used solely for fire extinguishing purposes or for reasonable testing purposes, provided the Company receives written notification in advance that tests are to be made.

10.6 Where a tank, standpipe or other storage facility is used, it shall be so constructed and arranged as to protect the water from pollution and shall conform with all applicable rules and regulations of the State Department of Environmental Protection and the Company's Cross Connection Control Plan.

10.7 Authorized representatives of the Company shall have the right to inspect all fire protection facilities on a customer's premises at reasonable hours.

10.8 The customer shall be responsible for all costs associated with a fire watch program is required by local officials in response to emergency or planned work performed by the Company that interrupts or is anticipated to interrupt water supply to fire services.

STANDARD TERMS AND CONDITIONS

12. WATER MAIN EXTENSIONS

12.1 Applications for extensions may be made in person, by telephone or by mail, at any Commercial Office of the Company. Upon receipt of such application, the Company will make a survey and advise the applicant as to the most suitable plan for installing the proposed extension and the probable cost to the customer.

12.2 Distribution mains will be extended only in public streets or highways or in new streets or highways, not yet accepted, but which have been laid out according to an accepted plan approved by the appropriate authority to be in public streets or highways. The Company will require an easement with terms acceptable to the Company in cases where the streets or highways have not been accepted. In no case, however, will distribution mains be installed until streets or highways have been rough graded to an established and approved grade. In the alternative, and at the sole and absolute discretion of the Company, mains may be installed in properly configured and recorded easements with terms acceptable to the Company

12.3 Water main extensions will be installed pursuant to agreements which will be prepared in accordance with all applicable laws of the State and Board of Public Utilities regulations and orders including but not limited to those regulations contained in N.J.A.C. 14:3-1, N.J.A.C. 14:3-6, N.J.A.C. 14:3-8 and N.J.A.C. 14:3-10.

12.4 Each extension shall become a part of the distribution system of the Company and shall be owned, maintained and controlled by the Company.

12.5 The Company shall have the right to connect additional customers to an extension and to construct further extensions thereto.
