Re:

In the Matter of the Provision of Basic Generation Service and the Compliance Tariff Filing Reflecting Changes to Schedule 12 Charges in PJM Open Access Transmission Tariff - February 2018 Joint Filing Related to JCP&L TECs in BPU Docket No. ER18020157

In the Matter of the Provision of Basic Generation Service ("BGS") and the Compliance Tariff Filing Reflecting Changes to Schedule 12 Charges in PJM Open Access Transmission Tariff - February 2018 Joint Filing

BPU Docket No. ER18020158

Dear Secretary Camacho-Welch:

Rockland Electric Company ("RECO" or "the Company") hereby submits for filing an original and ten copies of the following tariff leaves proposing revisions to its Schedule for Electric Service, B.P.U. No. 3 – ELECTRICITY.

25th	Revised Leaf No.	83
25th	Revised Leaf No.	90
27th	Revised Leaf No.	96
28th	Revised Leaf No.	109
27th	Revised Leaf No.	124
33rd	Revised Leaf No.	127

These tariff leaves, included as Attachment A, are issued on August 16, 2018 to become effective September 1, 2018.

This filing is made in compliance with the New Jersey Board of Public Utilities' ("Board" or "BPU") Decision and Order Approving the Pass Through of FERC Authorized Changes in Firm Transmission Service Related Charges, dated July 25, 2018 ("July Orders"), in each of the above-referenced dockets.

The order in BPU Docket Nos. ER18020157 and ER18020158 approved the joint filings made on February 13, 2018 and February 14, 2018 by Atlantic City Electric Company ("ACE"), Jersey Central Power and Light Company (JCP&L"), Public Service Electric and Gas Company ("PSE&G"), and RECO (collectively "the EDCs") for approval of tariff changes reflecting recovery of Federal Energy Regulatory Commission ("FERC") approved changes in transmission service charges related to HTP and Linden VFT Orders.

B. Rocque-Romaine, Esg. a. Maleau, Esg. S. Feterson The Board, in its July Orders, authorized the EDCs to modify their rates to reflect the changes in their transmission charges resulting from the FERC-approved changes effective as of September 1, 2018.

Based on the above, RECO submits the tariff leaves included as Attachment A to reflect the Board's determination in its July Orders. Specifically, RECO has revised its Transmission Surcharges, which include Board-approved Transmission Enhancement Charge costs, to recover from customers and compensate the BGS suppliers for the changes summarized above, subject to the terms and conditions of the applicable SMAs. Differences between payments to BGS suppliers and charges to customers will flow through the Company's BGS Reconciliation Charges.

Included in this compliance filing are the following attachments:

Attachment A The above-referenced tariff leaves reflecting revisions to the

Transmission Surcharge for each of the affected Company service

classifications, effective September 1, 2018

Attachment B Determination of RECO's Transmission Surcharges applicable to its

customers taking Basic Generation Service effective September 1,

2018

Please date and time-stamp the enclosed extra copy of this letter and return it in the envelope provided.

Any questions regarding this filing can be directed to Cheryl Ruggiero at (212) 460-3189 or at ruggieroc@coned.com.

Very truly yours,

William A. Atzl. Jr.

Director - Rate Engineering

SPECIAL PROVISIONS

(A) Space Heating

Customers who take service under this classification for 10 kW or more of permanently installed space heating equipment may elect to have the electricity for this service billed separately. All monthly use shall be billed at a Distribution Charge of 2.883 ¢ per kWh during the billing months of October through May and 4.662 ¢ per kWh during the summer billing months, a Transmission Charge of 0.421 ¢ per kWh and a Transmission Surcharge of 0.368 ¢ per kWh during all billing months. The applicability of Transmission Charges and the Transmission Surcharge is described in Part (3) of RATE – MONTHLY.

When this option is requested it shall apply for at least 12 months and shall be subject to a minimum charge of \$26.87 per year per kW of space heating capacity. This provision applies for both heating and cooling where the two services are combined by the manufacturer in a single self-contained unit.

All usage under this Special Provision shall also be subject to Parts (4), (5), and (6) of RATE – MONTHLY. This Special Provision is not available to those customers taking high voltage distribution service.

This special provision is closed to new customers effective August 1, 2014.

(B) Budget Billing Plan

Any condominium association or cooperative housing corporation who takes service hereunder and any other customer taking service under Special Provision B of this Service Classification may, upon request, be billed monthly in accordance with the budget billing plan provided for in General Information Section 8 of this tariff.
