NOTICE TO PUBLIC SERVICE ELECTRIC AND GAS COMPANY ELECTRIC CUSTOMERS

IN THE MATTER OF THE PETITION OF PUBLIC SERVICE ELECTRIC AND GAS COMPANY FOR APPROVAL OF CHANGES IN ITS ELECTRIC SOLAR PILOT RECOVERY CHARGE (SPRC) FOR ITS SOLAR LOAN PROGRAM

Notice of a Filing and Notice of Public Hearings | BPU Document No. ER16090661

TAKE NOTICE that Public Service Electric and Gas Company (Public Service or the Company) filed a petition with the New Jersey Board of Public Utilities (Board or BPU) on June 28, 2016, requesting an increase in the cost recovery mechanism for the Solar Loan Program (Program). As directed in the original Board Order E00791040278 dated April 16, 2008, PSE&G implemented the Program and associated cost recovery mechanism. As part of this filing, PSE&G has included an annual update on the status of the Program. As proposed in the Company's filing, the resultant revenue increase proposed for the Company's electric customer's totals approximately \$2.6 million on an annual basis.

PSE&G proposes to recover the Program costs through the Solar Pilot Recovery Charge (SPRC). The SPRC is applicable to all electric rate schedules. The proposed SPRC, if approved by the Board, is shown in Table #1.

Under the Company's proposal, a typical residential electric customer using 750 kilowatt-hours per summer month and 7,200 kilowatt-hours on an annual basis would see an increase in the annual bill from \$1,215.78 to \$1,218.20, or approximately 0.04%. The approximate effect of the proposed increase on typical electric residential monthly bills, if approved by the Board, is illustrated in Table #2.

The Board has the statutory authority pursuant to N.J.S.A. 48:2-1, to establish the Solar Pilot Recovery Charge to levels it finds just and reasonable. Therefore, the Board may establish the Solar Pilot Recovery Charge at a level other than that proposed by Public Service. Therefore, the described charges may increase or decrease based upon the Board's decision.

Copies of this Company's filing are available for review at the Company's Customer Service Centers, online at the PSEG website at <http://www.pseg.com/recoveryandpilot> and at the Board of Public Utilities at 44 South Clinton Avenue, Seventh Floor, Trenton, NJ 08605-0360.

The following dates, times and locations for public hearings on the Company's filing have been scheduled so that members of the public may present their views.

Information provided at the public hearings will become part of the record of the case and will be considered by the Board in making its decision.
