IN THE MATTER OF THE PETITION OF
PUBLIC SERVICE ELECTRIC AND GAS
COMPANY FOR APPROVAL OF ITS CLEAN

("CEF-EE") PROGRAM ON
A REGULATED BASIS

STATE OF NEW JERSEY
BOARD OF PUBLIC UTILITIES

BPU DOCKET NOS. GO18101112
AND EO10121113

MOTION TO PARTICIPATE

I, Philip J. Passanante, of full age, do hereby certify as follows:

1. I am Assistant General Counsel for Atlantic City Electric Company ("ACE" or the "Company"), and an attorney at law of the State of New Jersey. As such, I am familiar with the facts and circumstances concerning this matter, and I make this Certification in support of ACE's Motion to Participate.

2. On or about October 11, 2018, Public Service Electric and Gas Company ("PSE&G" or the "Petitioner") filed a petition (the "Petition") with the New Jersey Board of Public Utilities (the "Board") for approval of its Clean Energy Future Energy Efficiency Program (the "Program"). PSE&G seeks Board approval to implement 22 sub-programs, including seven residential subprograms, seven commercial and industrial subprograms, and eight pilot subprograms. The total proposed investment is approximately \$2.8 billion over the proposed six year term of the Program. PSE&G proposes to recover costs associated with the Program through a new CEF-EE Program component of its existing Green Programs Recovery Charge. In addition, the Petitioner has proposed a mechanism for recovering lost revenues and has asked the Board to approve that mechanism.

3. ACE is a New Jersey public utility incorporated in the State of New Jersey and maintains a regional office at 5100 Harding Highway, Mays Landing, New Jersey 08330. ACE is engaged in the transmission, distribution, and sale of electric energy for residential,

commercial, and industrial purposes within New Jersey. The Company's service territory comprises eight counties located in southern New Jersey and includes approximately 553,000 customers.

4. *N.J.A.C.* 1:1-16.6(a) sets forth the criteria for participation:

Any person or entity with a significant interest in the outcome of a case may move for permission to participate.

5. *N.J.A.C.* 1:1-16.6(b) sets forth the standard that must be weighed when considering a motion to participate:

In deciding whether to permit participation, the judge shall consider whether the participant's interest is likely to add constructively to the case without causing undue delay or confusion.

6. ACE is entitled to participate because, as one of only four investor-owned electric utilities in New Jersey serving retail customers, it has a significant interest in the above-captioned proceeding, *N.J.A.C.* 1:1-16.1(a), and its interests will add constructively to this proceeding without causing any delay or confusion, *N.J.A.C.* 1:1-16.3(a). ACE's significant interest in the outcome of the proceeding is rooted in the fact that substantive policy and/or procedural requirements established in this proceeding can significantly influence, if not have a precedential effect on, the positions taken by parties in, and the outcome of, proceedings involving ACE. Therefore, it is important that ACE be permitted Participant status in this proceeding so that it may monitor developments and be apprised of potential policy developments, both substantive and procedural, on these important issues in a timely manner.

7. As an investor-owned electric utility serving retail customers, the Company's interests in this proceeding are materially different from Petitioner, who represents its own interests, and from the other parties (*i.e.*, Board Staff and the Division of Rate Counsel), who represent primarily consumer interests.

8. Moreover, ACE's interests will contribute to the development of a complete record for consideration by the Board without causing any delay or confusion, as the proceeding has just commenced. *N.J.A.C. 1:1-16.3(a)*. In this matter, ACE intends to participate only in order to receive copies of testimony, briefs, and other materials; to monitor the proceedings; and possibly to file briefs and/or exceptions. ACE will abide by the procedural schedule(s) set in this matter.

9. At this time, ACE seeks only Participant status and does not foresee expanding that role. ACE must, however, reserve its right to seek full party intervenor status if the relevant circumstances underlying this proceeding change, and if it can establish that it satisfies regulatory requirements for such status.

10. The Company requests that all communications, correspondence, orders, and other documentation relating to this proceeding be directed to the following:

(302) 429-3801 – Facsimile

ACE also respectfully requests that the above attorney be placed on the official service list compiled for purposes of this proceeding.

11. Accordingly, ACE respectfully requests that the Board grant its Motion to Participate in this proceeding, with the rights to argue orally, file briefs or statements, and file exceptions.

I hereby certify that the foregoing statements made by me are true. I am aware that, if any of the foregoing statements made by me are willfully false, I am subject to punishment.
