REQUEST FOR PARTICIPANT STATUS
OF SEMACONNECT

SemaConnect, by its undersigned counsel, pursuant to the Order issued by the New Jersey Board of Public Utilities ("Board") on October 29, 2018, hereby formally requests that the Board grant SemaConnect's request herein to participate with "participant" status in the above-captioned proceeding. SemaConnect states in support thereof the following:

1. SemaConnect is a U.S.-based manufacturer of smart, networked Level 2 electric vehicle (EV) charging stations. SemaConnect has deployed over 5,000 charging stations across North America. The Company employs more than two dozen professionals in the mid-Atlantic region who design, assemble, distribute and service its products.

2. Accordingly, SemaConnect has a significant interest in the Board's review of PSE&G's CEF-EVES filing, which proposes to commit up to \$261 million of investment and \$103 million in expenses over six years to support four Electric Vehicle subprograms, including incentives for the installation of approximately 40,000 charging stations.

3. In making this request, SemaConnect asks that all communications and correspondence for this proceeding be directed to the following individuals:

Josh Cohen
Director of Policy and Utility Programs
SemaConnect Inc.
