| 36th | Revised Leaf No. | 127 |

These tariff leaves, included as Attachment A, are issued on January 25, 2019 to become effective February 1, 2019.

This filing is made in compliance with the New Jersey Board of Public Utilities' ("Board" or "BPU") Decision and Order Approving the Pass-Through of FERC Authorized Changes in Firm Transmission Service Related Charges, dated January 17, 2019 ("January Order"), in the above-referenced docket.

The January Order approved the joint filing made on December 6, 2018 by Atlantic City Electric Company ("ACE"), Jersey Central Power and Light Company (JCP&L), Public Service Electric and Gas Company ("PSE&G"), and RECO (collectively "the EDCs") for approval of tariff changes reflecting recovery of Federal Energy Regulatory Commission ("FERC") approved changes in firm transmission service related charges.

The Board, in its January Order, authorized the EDCs to modify their rates to reflect the changes in their transmission charges resulting from the FERC-approved changes effective as of February 1, 2019.

Based on the above, RECO submits the tariff leaves included as Attachment A to reflect the Board's determination in its January Order. Specifically, RECO has revised its Transmission Surcharges, which include Board-approved Transmission Enhancement Charge costs, to recover from customers and compensate the BGS suppliers for the changes summarized above, subject to the terms and conditions of the applicable SMAs¹. Differences between payments to BGS suppliers and charges to customers will flow through the Company's BGS Reconciliation Charges.

Included in this compliance filing are the following attachments:

- Attachment A The above-referenced tariff leaves reflecting revisions to the Transmission Surcharge for each of the affected Company service classifications, effective February 1, 2019
- Attachment B Determination of RECO's Transmission Surcharges applicable to its customers taking Basic Generation Service effective February 1, 2019

Please date and time-stamp the enclosed extra copy of this letter and return it in the envelope provided.

Any questions regarding this filing can be directed to Cheryl Ruggiero at (212) 460-3189 or at ruggieroc@coned.com.

Very truly yours,

William A. Atzl, Jr.
Director – Rate Engineering

¹ In the January Order, the Board stated that costs associated with the reallocation per the ConEd Wheel Order, and the HTP and Linden VFT orders should be collected from BGS customers, but not passed on to the BGS Suppliers until Final FERC Orders are issued in these matters.
