To Whom it May Concern,

I am writing in regards to the above Docket # the acquisition of Altice & Service Electric. I am asking that you not approve this acquisition until Altice agrees to provide our town of Hope Twp. (Warren County) with cable services. While a small amount of our homes have access to Service Electrics cable most do not! We need Altice to make a commitment to help our community have faster speed reliability then what is currently offered by Centurylinks DSL service.

We are now forced to homeschool our children and work from home due to Covid-19 and we all need to stay connected during this time. Please do not allow this acquisition to take place until Altice can give us the service we need!

Many Thanks,
Elaine Maza
