NOTICE OF TECHNICAL CONFERENCE¹

Investigation of Resource Adequacy Alternatives

Docket No. EO20030203

Pursuant to the "Open Public Meetings Act", N.J.S.A. 10:4-6 et seq., Staff of the New Jersey Board of Public Utilities ("Board") gives notice of a technical conference in the Board's on-going Investigation of Resource Adequacy Alternatives. The technical conference will be held on September 18, 2020.

By Order dated March 25, 2020, the Board initiated this proceeding. The Board directed Staff to conduct the investigation through technical conferences, legislative-type hearings, and written comments. The purpose of this technical conference is further examination of whether New Jersey can achieve its long-term clean energy and environmental objectives under the current resource adequacy paradigm. Due to public health and safety concerns, this technical conference will be held via webinar, which will include opportunity for public questions and comments. The format of the technical conference will involve panels on specific topics to be identified in a later, supplemental notice. Supplemental notices will be issued prior to the conference with further details regarding format, registration and participation.

All information on this technical conference will also be posted on the Board's website, <https://www.bpu.state.nj.us/bpu/about/divisions/ferc/resourceadequacy.html>, prior to the event. The public are encouraged to participate.

If parties wish to submit self-nominations prior to the issuance of the supplemental notice, such nominations, which must contain reference to this notice and docket, may be submitted to board.secretary@bpu.nj.gov.

¹Not a Paid Legal Advertisement

Pursuant to the Board's Order initiating this proceeding, Staff may seek further comment, additional conferences, or hearings to further investigate these alternatives. Notices of further action will be issued in this docket.

Aida Camacho-Welch
Secretary of the Board

Dated: July 14, 2020
