IN THE MATTER OF THE PETITION OF ATLANTIC CITY ELECTRIC COMPANY FOR AUTHORITY TO ISSUE UP TO \$600 MILLION OF LONG- TERM DEBT SECURITIES PURSUANT TO N.J.S.A. 48:3-9 (2021 – 2022)	STATE OF NEW JERSEY BOARD OF PUBLIC UTILITIES BPU Docket No. _____ CERTIFIED PETITION¹
---	--

Petitioner, ATLANTIC CITY ELECTRIC COMPANY (“Petitioner,” “ACE” or the “Company”), a public utility corporation of the State of New Jersey, having an office and mailing address of 5100 Harding Highway, Mays Landing, in the State of New Jersey 08330, and an office at 500 N. Wakefield Drive, in the City of Newark, State of Delaware 19702-5440, respectfully submits this Petition to the Board of Public Utilities (the “Board”) pursuant to N.J.S.A. 48:3-9 and states that:

1. The Company is a public utility corporation organized and existing under the laws of the State of New Jersey and is engaged in the purchase, transmission, distribution, and sale of electric power to approximately 560,000 residential, commercial, and industrial customers in southern New Jersey. The Company provides default electricity supply to retail customers who do not choose a competitive supplier.

2. Petitioner is a wholly owned subsidiary of Pepco Holdings LLC (“PHI”), a limited liability company organized and existing under the laws of the State of Delaware. PHI is, in turn, a wholly owned subsidiary of PH Holdco LLC (“PHLLC”), a limited liability company organized and existing under the laws of the State of Delaware. PHLLC is, in turn, 99.9% owned by Exelon Energy Delivery Company, LLC (“EEDC”), a limited liability company organized and existing under the laws of the State of Delaware. EEDC is, in turn, a limited liability company wholly owned by Exelon Corporation.

¹ In light of exigencies created by the COVID-19 pandemic and the Executive Orders issued pursuant thereto, this Petition is being submitted under Certification in lieu of an Affidavit of Verification.

3. Petitioner is engaged in a construction program with estimated expenditures of \$1.075 billion for the years 2020 – 2022, designed to improve and extend its facilities to enable it to better serve the public. Information with respect to Petitioner's construction program for 2020 - 2022, containing general categories of the work to be done and estimates of the costs thereof, is attached hereto as **Exhibit A**. The Company seeks the flexibility to issue long-term debt to permanently finance up to \$600 million of short-term debt anticipated to be incurred for outlays associated with its 2021 - 2022 construction program.

4. The Company has \$38.865 million in tax-exempt and \$200 million in taxable bonds scheduled to mature during 2021 – 2022 as shown in **Exhibit B**.

5. The Company respectfully requests authorization to issue and sell through one or more transactions and from time to time, but not later than December 31, 2022, debt securities (referred to herein generally as “Debt Securities”) in an aggregate principal amount of not more than \$600 million to: (i) to refund maturing debt securities; (ii) finance a portion of ACE’s 2021 - 2022 construction program; and (iii) convert a portion of its short-term debt expected to be incurred associated with its capital expenditure program to permanent financing.²

6. The Debt Securities may consist of First Mortgage Bonds issued under the Company’s Mortgage and Deed of Trust dated January 15, 1937, or any successor mortgage thereto; Senior Notes issued under the Company’s Indenture (for Senior Debt Securities) dated as of April 1, 2004; or unsecured Notes, issued under the Company’s Indenture dated March 1, 1997.

² ACE’s existing long-term debt authorization was approved and authorized by the Board in *In the Matter of the Petition of Atlantic City Electric Company for Authority to Issue Up to \$350 Million of Long-Term Debt Securities Pursuant to N.J.S.A. 48:3-9 (2019 – 2020)*, BPU Docket No. EF18121340, Order issued April 18, 2019.

7. The Debt Securities may be sold in transactions as to which a registration statement filed with the United States (“U.S.”) Securities and Exchange Commission (the “SEC”) under the Securities Act of 1933, as amended (the “Securities Act”) is in effect.

8. The Debt Securities may be issued and sold publicly or in private placements directly to prospective purchasers through one or more underwriters or placement agents to be selected by the Company. The arrangements between ACE and the underwriters or placement agents, if any, regarding the issuance and sale of the Debt Securities will be set forth in one or more agreements to be executed at the time of issuance. Forms of such agreements will be provided to the Board upon request.

9. The Debt Securities may be issued in one or more series and will have maturities between 12 months and 40 years from the date of issuance. Other terms of the Debt Securities, including call provisions and interest rates, will be determined depending on the maturities selected and market conditions at the time such terms and rates are set. Based on current and historical market conditions, the Company anticipates that the maximum coupon spread over U.S. Treasury securities for the Debt Securities will be consistent with the Market Yield Spread Table attached hereto as **Exhibit C**.

10. The spreads set forth in **Exhibit C** are based upon the difference between the market yield of corporate debt securities having ratings comparable to Petitioner’s Debt Securities and U.S. Treasury securities with like maturities. If market conditions change materially, Petitioner acknowledges that it will seek Board approval for an updated yield spread schedule.

11. Debt Securities may include tax-exempt bonds issued through a governmental authority and/or may be issued as credit enhancement for such tax-exempt bonds.

12. Debt Securities may include secured or unsecured bank loans (“Bank Loans”). Bank Loans would carry interest rates (fixed or variable) and maturities, and other terms and conditions, all of which would be dependent upon market conditions prevailing at the time of execution.

13. Communications and correspondence regarding this matter should be sent to Petitioner and its counsel at the following addresses:

15. A certified copy of the resolution(s) of the Board of Directors of Petitioner authorizing the filing of this Petition is attached hereto as **Exhibit D**.

16. Petitioner acknowledges that any Order issued in connection with this filing will not be construed as directly or indirectly fixing, for any purpose whatsoever, any value of the tangible or intangible assets now owned or hereafter to be owned by Petitioner.

17. Petitioner acknowledges that any Order issued in connection with this filing will not be construed as certification that any Debt Securities herein authorized will be represented by tangible or intangible assets of commensurate value or investment cost.

18. Petitioner acknowledges that any Order issued by the Board in connection with this filing will neither affect nor in any way limit the exercise of the authority of the Board or of the State of New Jersey in any future petition or in any future proceeding with respect to rates, franchises, services, financing (including method of sale of securities), accounting, capitalization or any other matters affecting Petitioner, the New Jersey Division of Rate Counsel (“Rate Counsel”) or Board Staff, and that said parties reserve the right to examine the transaction and its impact on rates in the context of the Company’s next base rate case.

19. Petitioner acknowledges that any Order issued in connection with this filing will not constitute pre-approval or presumed approval of any costs associated with the transactions outlined in this Petition for which approval is sought.

20. Petitioner acknowledges that any Order issued in connection with this filing will not affect or limit in any way the manner in which it registers the Debt Securities with the SEC.

21. Petitioner will provide Rate Counsel and the Board with a copy of its SEC registration statement for the Debt Securities, upon request.

22. Petitioner will provide the Board with copies of all executed indentures, upon request.

23. Petitioner acknowledges that the Debt Securities will not be redeemed at a premium prior to maturity without further Board approval.

24. The Company will not issue any Debt Securities at coupon rates in excess of those that would result from the comparable U.S. Treasury security plus the Market Yield Spread Table included herein as **Exhibit C**. If market conditions change, the Petitioner may submit to the Board for approval of a request to issue Debt Securities at coupon rates in excess of those that would result from the Market Yield Spread Table. Any such request submitted by the Company for approval of the Board will be accompanied by a statement of the basis or rationale therefore. If the Board approves such request, ACE may issue Debt Securities at the revised rates.

25. Debt Securities will be issued for the purposes identified herein and will not be used for the purpose of any affiliate transactions.

26. Petitioner will endeavor to issue Debt Securities in a manner that achieves the lowest reasonable cost of capital for customers.

27. Petitioner acknowledges that it is obligated to use a prudent mix of capital to finance its utility operations and investments.

28. Attached to this Petition are the following exhibits:

Exhibit A: 2020 – 2022 Construction Program Summary;

Exhibit B: \$238.9 Million in Long-Term Debt Retirements in 2021 - 2022;

Exhibit C: Market Yield Spread Table; and

Exhibit D: Board Resolution(s).

WHEREFORE, the Petitioner, ATLANTIC CITY ELECTRIC COMPANY, respectfully requests that the Board of Public Utilities grant authorization and approval for the Petitioner through December 31, 2022 to:

- (i) issue and sell in one or more series up to \$600 million in aggregate of Debt Securities; and
- (ii) take such other or further action(s) as may be necessary or desirable in connection with the transactions described herein.

Respectfully submitted,
