Subject: [EXTERNAL] RE: BPU Docket No. ER20020146
Date: Tuesday, September 8, 2020 2:07:50 PM

It is my understanding that JCP&L plans to invest more in clearing hazardous trees, improved technology, and infrastructure maintenance. As an OEM coordinator, I can attest to the increasing number of storms in recent years in the rising costs associated with responding to them for all agencies involved.

As JCP&L continues to improve reliability and storm response, I look forward to communicating the needs of our community with them, as I have over the course of the past few years.

Sincerely,

John Perrone
Union Beach OEM Coordinator
