

Company Name: PSEG

Nuclear Unit: Salem Unit 1

I certify that all equipment located at or servicing the nuclear power unit are as stringent as the standards and emission limits in N.J.A.C. 7:27 et. seq. This certification is based on my review of the most recent Annual Title V Permit Compliance Certification dated January 29, 2020, Title V Six-Month deviation report dated July 30, 2020 and data collected and reviewed through August 21, 2020.

Name (type or print): David J. Mannai

Title: Senior Director, Regulatory Affairs  
and Nuclear Oversight

Signature: 

Date: 9/11/2020
