Response:

Please see attachment providing a list of all filings containing data related to the Unit provided to the FERC from 2010 to 2020.

Within the range of its oversight activities, the NRC has unfettered access to information pertaining to plant operations at Salem and Hope Creek Generating Stations and consequently, information is provided to the NRC during these processes on an ongoing basis. Filings and submissions to the NRC, or enforcement and legal actions taken or filed against the Unit by the NRC from 2010 to 2020 are included in the responses to SSA-7 and SSA-8, respectively. In addition, Applicant has cooperated with and provided information to the NRC's Office of Investigations ("OI") in connection with any inquiries, including an inquiry by the NRC OI regarding a former vendor to which PSEG responded beginning on September 20, 2019.
