Response:

PSEG Nuclear LLC, the owner/operator of Salem, unit II, is not an SEC registrant and therefore does not file its own 10-Ks or 10-Qs.

The attached listings include all documents filed with the SEC for the last 10 years by the parent of the owner/operator for Salem, unit II, PSEG Power LLC (PSEG Power), and PSEG Power’s parent company, Public Service Enterprise Group Incorporated (PSEG). The lists include hyperlinks to each of the filings as available on the SEC’s website. To avoid duplication, the listing for PSEG does not include reports filed on a combined basis with PSEG Power as they are already reflected on the PSEG Power list.
