Re: IN THE MATTER OF THE IMPLEMENTATION OF P.L. 2018, C. 17 REGARDING THE ESTABLISHMENT OF ENERGY EFFICIENCY AND PEAK DEMAND REDUCTION PROGRAMS

IN THE MATTER OF THE PETITION OF ATLANTIC CITY ELECTRIC COMPANY FOR APPROVAL OF AN ENERGY EFFICIENCY PROGRAM, COST RECOVERY MECHANISM, AND OTHER RELATED RELIEF FOR PLAN YEARS ONE THROUGH THREE

BPU DOCKET NOS. QO19010040 AND EO20090621

Dear Mr. Passanante:

We are writing in response to the above-referenced petition, which Atlantic City Electric Company (“ACE” or “the Company”) filed with the Secretary of the New Jersey Board of Public Utilities (“Board”) on September 25, 2020 and supplemented on October 9 and 21, 2020.

Board Staff has reviewed the petition for completeness, in accordance with the Board’s June 10, 2020 Order in Docket Nos. QO19010040, QO19060648, and QO17091004 (“June 2020 Order”). Staff has determined that the petition is administratively complete with respect to the Board’s Minimum Filing Requirements (“MFRs”). N.J.S.A. (48:3-98.1(b) provides the Board with 180 days to approve, modify, or deny ACE’s requested recovery of costs for the above-referenced program. Therefore, the 180-day review period commenced on October 21, 2020.

ACE should work with the parties to develop a schedule that will allow the Board to issue an order in the matter approving, modifying, or denying the requested program and cost recovery mechanism within 180 days of the petition’s completed filing. N.J.S.A. 48:3-98.1(b).

Should you have any questions, please contact the undersigned.

Sincerely,

Stacy Peterson
Director, Division of Energy

Kelly Mooij
Director, Division of Clean Energy
