**Re: In the Matter of the New Jersey Board of Public Utilities' Response to the COVID-19 Pandemic, Docket No. A020060471**

Dear Secretary Camacho-Welch,

On July 2, 2020, the New Jersey Board of Public Utilities (“BPU” or “Board”) issued an Order, requiring that each utility that establishes a COVID-19 regulatory asset account file quarterly reports with the Board of the COVID-19-related costs incurred and offsets together with a verification by an authorized representative.

The information in the attached report reflects those COVID-19-related costs that have been identified and quantified, to date, and does not represent an exhaustive list for any or all deferral periods. As this event is continuing, the Company is working diligently to assess the financial and operational impacts to improve identification and quantification of appropriate impacts for future deferral and reporting.

In accordance with the July 2, 2020 Order, Jersey Central Power & Light Company (“JCP&L” or the “Board”) is filing its second quarterly report of the COVID-19-related costs incurred and offsets for the period ending September 30, 2020, along with a verification.

Please contact me if you have any further questions.

Very truly yours,

Lauren M. Lepkoski
