RE: In the Matter of the New Jersey Board of Public Utilities' Response to the
COVID-19 Pandemic
BPU Docket No. AO20060471

Quarterly Report: Fourth Quarter 2020

Dear Secretary Camacho-Welch:

Pursuant to an Order Authorizing Establishment of a Regulatory Asset for Incremental COVID-19 Related Expenses (the "Order"), approved and issued by the New Jersey Board of Public Utilities (the "Board" or "BPU") on July 2, 2020, New Jersey's regulated utilities were authorized to defer COVID-19-related incremental costs and related offsets into a regulatory asset.

As stated in the Order:

the Board **HEREBY AUTHORIZES** each of the State's regulated utilities to create a COVID-19-related regulatory asset by deferring on their books and records the prudently incurred incremental costs related to COVID-19 beginning on March 9, 2020, and through September 30, 2021, or 60 days after Governor Murphy issues an order, declaration, proclamation, or similar announcement that the Public Health Emergency is no longer in effect, or in the absence of such an order, declaration, proclamation or similar announcement, 60 days from the time the Public Health Emergency automatically terminates pursuant to N.J.S.A. 26:13-3(b), whichever is later.

In compliance with the Order and consistent with its terms, Atlantic City Electric Company (“ACE” or the “Company”) has tracked such prudently incurred incremental costs and includes the most current quarterly report as **Attachment 1**.¹ ACE will continue reporting these relevant costs on a quarterly basis.

The COVID-19-related incremental costs included in ACE’s report include lost late payment revenues, personal protective equipment, cleaning/sanitizing costs, hospital feeder inspections, and other costs. Additionally, the attached report includes informational data regarding aging of accounts receivable balances, as well as write-off information and number of reconnected customers, and a Cost Savings (Offsets) tab. Like other uncollectible expenses, the COVID-19-related incremental uncollectible expenses will be addressed in the Company’s next Societal Benefits Charge update/reconciliation filing and not included in the COVID-19 regulatory asset.

Considerations and costs related to the Pandemic remain very fluid as do any incremental offsets, such as any potential income received pursuant to the United States Department of Treasury’s administration of S.3548, also known as the “CARES Act.” As such, ACE reserves the right to add additional incremental costs to this or future quarterly reports.

Consistent with the Order issued by the Board in connection with *In the Matter of the New Jersey Board of Public Utilities’ Response to the COVID-19 Pandemic for a Temporary Waiver of Requirements for Certain Non-Essential Obligations*, BPU Docket No. EO20030254, Order dated March 19, 2020, this letter and its attachment(s) are being electronically filed with the Secretary of the Board and the New Jersey Division of Rate Counsel. No paper copies will follow.

Should you have any questions or concerns regarding the above, please do not hesitate to contact me.

Respectfully submitted,

Philip J. Rasanante
An Attorney at Law of the
State of New Jersey
