**Re: In the Matter of the Application of PSEG Nuclear, LLC and Exelon Generation Company, LLC for the Zero Emission Certificate Program—Salem 1, Salem 2, and Hope Creek Units
BPU Docket Nos. ER20080557, ER20080558, ER20080559**

PSEG's Letter in Support of Rate Counsel's Renewed Request for Pre-Hearing Conference

Dear President Fiordaliso:

On February 8, 2021, the New Jersey Division of Rate Counsel ("Rate Counsel") filed a renewed request in the above-docketed matters seeking a pre-hearing conference to discuss scheduling the evidentiary hearings, as well as the procedures to be followed at those hearings. Please accept for filing this letter on behalf of PSEG Nuclear ("PSEG") in support of Rate Counsel's renewed request.

PSEG agrees with Rate Counsel that a pre-hearing conference would be helpful for the reasons articulated in our December 14, 2020 letter, including: (1) to provide guidance to the parties' on the Board's expectations for the evidentiary hearings, and (2) to address procedural and technical issues that may arise during the evidentiary hearings, such as the handling of confidential information, in light of the virtual format due to the COVID-19 pandemic. PSEG believes that it would be beneficial to discuss these issues during a formal pre-hearing conference to ensure that the evidentiary hearings are consistent with the Board's desired process.

Sincerely,

A handwritten signature in black ink that reads "Grace H. Park" followed by a long horizontal flourish.

Grace H. Park
