Re: In The Matter Of Declaring Transmission To Support Offshore Wind A Public Policy Of The State Of New Jersey, Docket No. QO20100630.

Dear Secretary Camacho-Welch:

Pursuant to the Board’s March 7, 2022 Notice (“Notice”), NextEra Energy Transmission MidAtlantic Holdings, LLC (“NEETMA”) hereby submits the following: (1) all public and confidential versions of NEETMA Applications and any subsequent information and materials that have been submitted to PJM; (2) a public and confidential version of NEETMA’s Supplemental Information; and (3) the Affidavit of Johnbinh Vu supporting the confidential treatment of NEETMA’s Privileged, Confidential, and Commercial, and Trade Secret Information and Critical Electric Infrastructure Information in its Applications and Supplemental Information.

As NEETMA presented on March 22, 2022, NEETMA’s New Jersey Seawind Connector proposals will enable New Jersey to meet or exceed its offshore wind goal of 7,500 megawatts by 2035. NEETMA’s proposal brings experience, financial strength, certainty of project delivery, flexibility in project design, a project design that minimizes environmental and marine impacts, and strong cost commitments that reduce the cost and risk to ratepayers. NEETMA’s Supplemental Information updates the following proposals in the PJM Applications:

Project Title	NEETMA Reference	PJM Identification
Deans 6,000 MW Project	2-D60	2021-NJOSW-250
Deans 4,500 MW Project	2-D45	2021-NJOSW-860
Deans 3,000 MW Project	2-D30	2021-NJOSW-461
Oceanview 3,000 MW Project	2-O30	2021-NJOSW-15
Oceanview 2,400 MW Project	2-O24	2021-NJOSW-298
Oceanview 1,500 MW Project	2-O15	2021-NJOSW-27
Cardiff 2,700 MW Project	2-C27	2021-NJOSW-604
Platform Connections Project	3-PC	2021-NJOSW-359
Upgrades for Cardiff 2,700 MW Injection	1A-C27	2021-NJOSW-793

NEETMA’s Supplemental Information comports with the following Board criteria for the submittal of such information:

(i) updated information regarding the progress in permitting or siting the project; (ii) updated information necessary to reflect the actual lease areas included in the BOEM NY Bight lease area auction; and (iii) updated information for which sufficient cause exists to provide in the Applicant's good faith, reasonable judgement. [BPU Guidance, Revised March 7, 2022, p. 6]

The Supplemental Information provides updated information and clarifications that were not reasonably available at the time the initial Applications or any additional materials were submitted to PJM. NEETMA's specific justifications for its Supplemental Information is contained within the document and complies with the Board's criteria for consideration in its evaluation process.

As a result, NEETMA respectfully requests the Board accept its Applications and Supplemental Information for consideration in its evaluation process.

The parties designated to receive notices and other communications in connection with this matter is as follows:

William Harla
Alice Bergen
DeCotiis FitzPatrick Cole & Giblin, LLP
