Docket No.: QO22050347

*Civil Action*

**MOTION TO INTERVENE ON  
BEHALF OF THE TOWNSHIP OF  
DENNIS, COUNTY OF CAPE MAY,  
STATE OF NEW JERSEY**

**PLEASE TAKE NOTICE**, that the Township of Dennis hereby moves for an order of the Board of Public Utilities ("Board") granting it intervention in the above referenced matter in accordance with the Order of the Board of June 29, 2022 and pursuant to N.J.A.C. 1:1-16.1(a), which provides that any person or entity not initially a party who will be "substantially, specifically and directly affected by the outcome of a contested case, may on motion, seek leave to intervene." Under N.J.A.C. 1:1-16.3(a), "In ruling upon a motion to intervene, the judge shall take into consideration the nature and extent of the movant's interest in the outcome of the case, whether or not the movant's interest is sufficiently different from that of any party so as to add measurably and constructively to the scope of the case, the prospect of confusion or undue delay arising from the movant's inclusion, and other appropriate matters." Alternatively, the Township

of Dennis moves to participate in accordance with N.J.A.C. 1:1-16.6. The Township of Dennis respectfully requests the Board to (1) grant it full rights as an intervenor in this matter pursuant to N.J.A.C. 1:1-16.1, and (2) order such further relief in connection therewith as the Board deems reasonable and just.

In support of this motion, the Township of Dennis states:

1. The Township of Dennis (hereinafter referred to as "Township") is a Municipal corporate body politic of the State of New Jersey, the territory of which borders barrier islands which front the Atlantic Ocean in Cape May County, New Jersey.
2. Ocean Wind has publicly announced that it plans to install upwards of 200 wind turbines on towers as high as 900' or more tall as close as 10 to 15 miles to the beaches of Cape May County for the generation of electricity.
3. Ocean Wind's current Petition adverse to the County of Cape May seeks to gain Board approval of a route for transmission cables to deliver wind-generated electricity ultimately to the electrical grid.
4. The Township will be substantially, specifically and directly effected by the outcome of this Petition as follows:
  - a. At present, the Township has been provided with no information as to who this project will impact its local tourism and fishing industries as no impact report has been provided to the Township, and the Township has not had an opportunity to conduct any review of the project's potential impacts.
  - b. At present, the Township has been provided no information as how this

project will impact the Township's infrastructure regarding the potential placement of cables and transmission lines reasonably necessary for this project.

c. At present, the Township has been provided no information as how this project will potentially alter property values.

5. This is only the second Petition to be considered by the Board under N.J.S.A. 48:3-87.1(f).
6. Each decision made by the Board in interpreting and applying N.J.S.A. 48:3-87.1(f) will directly impact the Township inasmuch as those decisions will be applicable to the Township should such a Petition be filed in connection with the Township in the future.
7. The Township has an obligation to the residents and businesses of and visitors to the Township to represent their interests in any matter that will have a lasting, potentially negative impact on the Township, such as the permanent placement of wind facilities that will dramatically alter the viewshed of the Atlantic Ocean from the beaches contained in the municipalities adjoining the Township.
8. The decision of the Board in determining if and where the placement of transmission lines are reasonably necessary for the project will substantially, specifically and directly affect the important interests and obligations of the Township as detailed above.
9. Additionally, the Petitioner seeks to have the Board determine that the due process provisions of the New Jersey Eminent Domain Act, N.J.S.A. 20:3-1 *et seq.*, including but not limited to the requirement that an appraisal be completed

of specific property proposed to be taken by the Board through the application of N.J.S.A. 48:3-87.1(f), do not apply. Such a decision will have a direct impact on the Township inasmuch as it will potentially deprive the Township of such due process in future proceedings.

10. Allowing the Township to intervene and/or participate in this matter will add judicial economy and bring efficiency to this and future proceedings inasmuch as the Township will be bound by the ultimate outcomes and issues of first impression related to N.J.S.A. 48:3-87.1(f), and such issues can potentially be resolved in a single proceeding instead of multiple proceedings.
11. The Township will work with the parties to establish a procedural schedule in this case.
12. Granting the Township intervention at this stage of the proceeding will not cause undue delay or confusion, nor impose an undue burden on any party to this proceeding.
13. The Verification of the Township's Mayor is attached hereto stating that the facts stated in this motion are true and accurate to the best of his knowledge and belief.
14. Correspondence concerning this Motion and this proceeding should be sent to:

2123 Dune Drive, Suite 11

A Certification of Service and proposed form of Order are attached hereto.

**WHEREFORE**, the Township of Dennis respectfully requests the Board to (1) grant it full rights as an intervenor in this matter pursuant to N.J.A.C. 1:1-16.1, and (2) order such further relief in connection therewith as the Board deems reasonable and just.

Respectfully submitted,

/s/ Kyle Weinberg
