**Re: In the Matter of the New Jersey Board of Public Utilities’
Response to the COVID-19 Pandemic
BPU Docket No. AO20060471**

Dear Acting Secretary Diaz:

Middlesex Water Company (“Middlesex”) submits this update to the Board to advise on its progress in the collection and reporting of the additional data now required by P.L. 2022, Chapter 107, which was approved and signed into law on September 15, 2022.

Section 2 of this new law requires utilities to collect and report on an expanded universe of data not previously collected and reported for its monthly reports to the Board in response to the COVID-19 pandemic. Since the passage of this new law, Middlesex has endeavored and continues to endeavor to collect and organize this new data as quickly as possible. As of this date, Middlesex has been able to collect some of this additional data, which will be provided in its next monthly report on October 17, 2022. Middlesex anticipates all remaining additional data required by this new law will be ready for reporting no later than its November 2022 monthly report.

Please contact me with any questions or concerns with respect to this matter.

Respectfully yours,

A handwritten signature in blue ink that reads 'Jay Kooper'.
