In support of its Petition, Charter states as follows:

On or about March 9, 2022, the Borough adopted Ordinance No. 2022-02 (the “Ordinance”) granting to Petitioner renewal of its Municipal Consent (“Renewal of Municipal Consent”) to continue to construct, operate and maintain the System in the Borough. A copy of said Ordinance is annexed hereto as **Exhibit A**.

19. On or about April 21, 2023, the Borough of Englewood Cliffs sent Charter a letter signed by Mayor Mario M. Kranjac on behalf of the Borough consenting and waiving objection to

the Board ordering that a provision annexing Charter's Municipal Application to the Ordinance and making it a part thereof be deemed incorporated into the Ordinance. A copy of said letter is annexed hereto as **Exhibit B.**<sup>2</sup>

20. On or about June 12, 2023, Charter filed its formal acceptance of the terms and conditions of the Renewal of Municipal Consent granted by the Borough, pursuant to N.J.S.A. 48:5A-24. A copy of said letter of acceptance is annexed hereto as **Exhibit C**.

21. The information pertaining to Petitioner on file with the OCTV&T, together with the information contained in Petitioner's Municipal Application and its Application for Renewal of a Certificate of Approval ("RCOA Application"), simultaneously filed herewith, all of which is adopted by reference thereto, establishes the requisite criteria for the continued construction, ownership, operation and management of the System in Englewood Cliffs by Charter.

22. Charter possesses the requisite character and suitability for the continued operation of the System. Further, as indicated in the Municipal Application, the RCOA Application and other information on file with the OCTV&T, Charter possesses the necessary financial responsibility and ability to perform efficiently the proposed services and those services which may be required by the public convenience and necessity during the renewal period. The public convenience and necessity generally support the appropriateness of the issuance of a renewal Certificate of Approval to Petitioner.

23. Petitioner has complied, and will continue to comply, with all rules, regulations and laws applicable to the construction, operation and maintenance of the System and will continue to

provide safe, adequate and proper cable television service in Englewood Cliffs and the other municipalities in which it serves.

## **COUNT TWO**

23. Charter repeats paragraphs 1 through 22 of COUNT ONE as if set forth fully hereinafter.

24. As set forth in the RCOA Application and other information on file at the OCTV&T, the System operated by Charter in the Borough is part of the Bergen System, a larger regional cable television system serving numerous other municipalities contiguous to and surrounding the Borough.

25. As also set forth in the RCOA Application and other information on file at the OCTV&T, the Borough represents an integral part of the Charter regional cable system serving portions of the counties of Bergen and Hudson. In addition, the demographics of the Borough, as well as its location and other factors, mandate that cable television service be provided by Charter as part of the Bergen System.

26. The Borough portion of Bergen System is necessary for the continued provision of safe, adequate and economical cable television service to the citizens and residents of the Borough and the larger Bergen System generally. Further, continuation of Charter's operating authority in the Borough will avoid an unreasonable duplication of services that would otherwise be detrimental to the development of adequate cable television service.

27. Charter is entitled to a renewal of its Certificate of Approval for the Borough, pursuant to the provisions of Section 17(b) of the New Jersey Cable Television Act, N.J.S.A. 48:5A-1 et seq.

28. Charter believes that a Renewal Certificate of Approval for the Borough of Englewood Cliffs is necessary and proper for the public convenience and will serve the public interest for reasons which include, inter alia, the following:

a. The grant of a Renewal Certificate of Approval to Charter will ensure the continued provision of cable television service to the residents of the Borough;

b. The services to be provided by Charter as set forth in its RCOA Application are of great benefit to the citizens and residents of the Borough;

c. The financial strength and technical expertise of Charter are more than adequate to continue to construct, operate and maintain its cable television system in the Borough; and

d. Charter, its officers and its directors, have vast experience in all aspects of cable television. In particular, they possess and represent the highest degree of technical and engineering competence, significant administrative experience and a demonstrated responsiveness to community needs. In addition to the Borough, Charter and its affiliates hold Certificates of Approval or other authorization to construct, operate and maintain cable television systems in 41 states throughout the U.S.

**WHEREFORE**, it is requested that this Honorable Board of Public Utilities issue to Spectrum New Jersey, LLC a Renewal Certificate of Approval to continue to construct, operate and maintain a cable television system in and for the Borough of Englewood Cliffs.

Re: Ordinance 2022-02 Granting Municipal Consent for the Renewal of a Cable Television Franchise to Spectrum New Jersey, LLC

Dear Ms. Lanham,

You have informed us by letter dated March 21, 2023 that Spectrum New Jersey, LLC ("Spectrum") is preparing its Petition for a Renewal Certificate of Approval to Construct, Operate and Maintain a Cable Television System (the "System") in and for the Borough of Englewood Cliffs (the "Borough"). You have further informed us that, in connection with Spectrum's preparation of this Petition, the Staff of the New Jersey Board of Public Utilities (the "Board") has informed Spectrum that the Borough's Ordinance 2022-02 (the "Ordinance") (granting renewal of municipal consent to Spectrum) must be modified to incorporate the contents of the application that Spectrum submitted to the Borough in seeking renewal of the Borough's municipal consent. Your March 21 letter further indicated that this deficiency may be remedied by the Borough's consenting to the incorporation of the required provision in the Ordinance via the Board Order that grants Spectrum a renewal certificate of approval.

The Borough asks the Board to resolve this matter by means of any Order issued granting Spectrum a renewal certificate of approval to continue to construct, operate, and maintain the System. Accordingly, the Borough hereby consents and waives any objection to the Board ordering that the following provision, or some provision substantially similar thereto, be deemed incorporated into the Ordinance:

All of the statements and commitments contained in the Company's Application for Renewal of Municipal Consent or annexed thereto and incorporated therein, and any amendment thereto, except as modified herein, are binding upon the Company as terms and conditions of this consent. The Application and other relevant writings submitted by the Company shall be annexed hereto and made a part hereof by reference provided same do no conflict with the application of State or Federal law.

We trust that our providing Spectrum with this letter will permit the Board to proceed with its evaluation of the Petition in due course.

Sincerely,

LINE EXTENSION POLICY  
SPECTRUM NEW JERSEY, LLC  
BOROUGH OF ENGLEWOOD CLIFFS

Spectrum New Jersey, LLC shall be required to absorb the cost of extensions to the system in the same proportion that the extension is to the remainder of the system, as detailed herein below. Actual subscribers served by the extension are required to absorb the remainder of the cost, as also detailed herein below.

If new subscribers are added within two years to the area served by an extension, the cost shall be adjusted by recomputing step 5 below and those who previously paid a portion of the cost of the extension shall receive an appropriate rebate (provided, however, that no such rebate shall exceed the subscriber's contribution).

The following will be utilized to determine the respective costs to be borne by Spectrum and potential subscribers in connection with a proposed extension of plant:

A If the average density of homes per mile ("HPM") (measured within 150 feet of the existing public right-of-way, if the area is to be served aerially, or 100 feet if the area is to be served underground) to be passed by the proposed extension is 25 or more, Spectrum will build the extension at its full cost.

B If the average density HPM is less than 25, the cost of the extension will be shared in accordance with the following formula:

1.  $\frac{\text{\# homes in extension}}{\text{mileage of extension}}$  = homes per mile (HPM) of extension
2.  $\frac{\text{HPM of extension}}{\text{Minimum HPM that company constructs in the system (i.e., 25)}}$  = ratio of the density of the extension to the minimum density which the company constructs in the system ("A")
3. Total cost of building the extension times "A" = Charter's share of extension cost
4. Total cost of building extension less Charter's share of extension cost = total amount to be recovered from subscribers
5.  $\frac{\text{Total amount to be recovered from subs}}{\text{Total subscribers in extension}}$  = each subscriber's share
