Subject: [EXTERNAL] RE: RNG Infrastructure Projects
Date: Sunday, September 3, 2023 4:06:33 AM

To the BPU Board:

The Board of Public Utilities must refrain from approval of any fossil fuel gas or RNG infrastructure projects other than those needed to ensure the safety of the current gas distribution systems until real and verifiable plans are available for implementation to meet the State's clean energy (100% by 2035) and carbon reduction (50% by 2030).

My comments reinforce and support those comments submitted by Empower New Jersey in this regard. Thank you for your attention to this important matter.
