Dear NJ BPU:

Please do not approve any more fossil fuel gas or RNG infrastructure projects (other than those needed to ensure the safety of the current gas distribution systems) until real plans are implemented to meet the State's clean energy (100% by 2035) and carbon reduction (50% by 2030) goals. Please see Empower NJ's comments that were submitted as part of this proceeding for more details.

Thank you,  
Rosemary Topar
