Subject: [EXTERNAL] Docket No. GO23020099

Dear BPU,

We're in a climate emergency & planetary crisis. BPU must not approve any fossil fuel gas or RNG infrastructure projects other than those needed to ensure the safety of the current gas distribution systems until real plans are being implemented to meet the State's clean energy (100% by 2035) and carbon reduction (50% by 2030) goals for the many reasons and more laid out in Empower NJ's comments submitted as part of this proceeding.

Thank you,
Holly Cox
