

**NOTICE OF JERSEY CENTRAL POWER & LIGHT COMPANY'S PUBLIC
HEARINGS AND OPPORTUNITY FOR PUBLIC COMMENTS**

**In the Matter of the Verified Petition of Jersey Central Power & Light Company for
Review and Approval of Increases in, and Other Adjustments to, its Rates and Charges for
Electric Service, and for Approval of Other Proposed Tariff Revisions in Connection
Therewith ("JCP&L 2023 Base Rate Filing")**

**BPU Docket No. ER23030144
OAL Docket No. PUC 03346-23**

TO OUR CUSTOMERS:

PLEASE TAKE NOTICE that on March 16, 2023, Jersey Central Power & Light Company ("JCP&L" or "Company"), filed a petition with the New Jersey Board of Public Utilities ("Board"), seeking approval of proposed overall increases in and/or other adjustments to JCP&L's various tariff rates and charges for electric service, and for approval of other proposed Tariff charges and revisions, which were proposed to become effective for service rendered on and after April 26, 2023, or at such later date as the Board may determine.

On August 7, 2023, the Company updated its petition based on 12 months of actual data. As a result of this update, the proposed new rates would yield an overall net operating revenue increase of approximately \$192.2 million, representing an overall revenue increase of about 7.2% as compared to the same current annualized tariff rates and revenues. The annual percentage increase applicable to specific customers will vary according to the applicable rate schedule and the level of the customer's usage. As proposed, a typical JCP&L residential customer using 777 kWh per month currently paying, on average, \$112.83, will experience an increase to \$121.56 per month, resulting in a monthly increase of \$8.73 or 7.7%.

Copies of the petition and all related documents are available for inspection at the Company's regional headquarters at 101 Crawfords Corner Rd. Building #1, Suite 1-511, Holmdel, New Jersey 07733 and at 300 Madison Avenue, Morristown, New Jersey 07962-1911, at each of the Company's local business offices, and at the Board of Public Utilities, 44 South Clinton Avenue, Trenton, New Jersey 08625. A copy of the filing is also posted on the Company's website at:

https://www.firstenergycorp.com/jersey_central_power_light/regulatory.html

The following comparisons of present and proposed bills shows an approximate net effect upon them of the proposed increases and adjustments in rates. Any assistance required by customers in this regard will be furnished by the Company upon request. Please note that the Board in its discretion may apply all or any portion of whatever rate increases the Board may ultimately allow to other rate schedules or in a different manner than what JCP&L has proposed in its filings. Accordingly, the final rates and charges to be determined by the Board in this proceeding may be different than what JCP&L has described herein.
