Re: Tariff Revisions of Xchange Telecom LLC

To Whom it May Concern,

Enclosed please find a copy of Xchange Telecom's Tariff Pages. It is also being sent via email to the Rate Counsel's office. The tariff changes are to increase pricing for plans for business and residential, and offer a new calling plan for business. A copy of the customer notice is attached. Xchange is requesting it be effective on 30 days' notice.

If you have any questions or if I may provide you with additional information, please do not hesitate to contact me. Thank you for your assistance.

Respectfully submitted,

Dear [Customer Name],

News About an Upcoming Rate Change for your Xchange Telephone Services

Your Xchange Telecom Flat Rate Services are scheduled to change to \$62.99 no sooner than January 1, 2024.

As you are no doubt aware, supplier costs have been rising across the board in all industries. Xchange has absorbed these costs in the past, and has not raised our bills. However, as prices continue to rise, we are forced to modestly increase the price of your monthly bill.

We value you as a customer and appreciate your understanding.

Thank you,

Xchange Customer Service
