:
:

APPEARANCES:

Courtney L. Schultz, Esq., and Kruti B. Patel, Esq., Saul Ewing LLP, on behalf of the Petitioner, Aqua New Jersey, Inc.

Brian Lipman, Director, and Susan E. McClure, Esq., Deputy Rate Counsel, on behalf of the Division of Rate Counsel

Meliha Arnautovic, Deputy Attorney General, (Matthew J. Platkin, Attorney General of New Jersey), on behalf of the Staff of the New Jersey Board of Public Utilities

TO THE HONORABLE NEW JERSEY BOARD OF PUBLIC UTILITIES:

The parties that have participated in this proceeding are Aqua New Jersey, Inc. ("Aqua," "Company," or "Petitioner"), the New Jersey Division of Rate Counsel ("Rate Counsel"), and the Staff of the Board of Public Utilities ("Staff") (collectively, "Parties"). There were no intervenors in this proceeding. As a result of an analysis of Aqua's petition and exhibits, discovery conducted by Rate Counsel and Staff, conferences, and negotiations, the Parties to this proceeding have come to the within agreement. The Parties hereto agree and stipulate as follows:

I. Background & Procedural History

1. Petitioner is a public utility of the State of New Jersey, with its principal business office at 10 Black Forest Road, Hamilton, New Jersey 08691, subject to the jurisdiction of the New Jersey Board of Public Utilities (“Board” or “BPU”).

2. Petitioner’s Wallkill Sewer Division (“Wallkill”), formerly the Wallkill Sewer Company, provides wastewater service to approximately 447 customers in a portion of the Township of Hardyston, County of Sussex. Wallkill purchases wastewater treatment services from the Sussex County Municipal Utilities Authority (“SCMUA”). SCMUA treats all of the wastewater collected by Wallkill pursuant to the “1982 Wallkill Sewer Company Service Contract” (as amended May 3, 1984) between the Company and SCMUA. In December of each year, SCMUA estimates the annual cost of wastewater to be treated for Wallkill and bills the Company in four (4) equal installments based on that estimate. To the extent that any credits are due the Company, or additional payments are due SCMUA (based on actual usage during the year), those amounts are included in the estimate of costs for the upcoming fiscal year and reflected in the February payment.

3. Petitioner’s Maxim Wastewater Division (“Maxim”) provides wastewater service to approximately 2,617 customers in the Township of Howell, County of Monmouth. Maxim purchases wastewater treatment services from the Ocean County Utilities Authority (“OCUA”). The OCUA treats all of the wastewater collected by Maxim, which is a Bulk Rate customer of the OCUA. Bills are rendered by the OCUA and paid by the Company on a quarterly basis during the year. In January of each year, the OCUA (i) estimates the annual volume of wastewater to be treated for Maxim and bills the Company quarterly thereafter based on that estimate, and (ii)

reconciles the actual volumes treated for Maxim in the prior calendar year and provides a charge or a credit, depending on Maxim's actual usage, on Maxim's first quarter bill in the following year.

4. Petitioner also purchases wastewater treatment services from the Logan Township Municipal Utilities Authority ("LTMUA"). LTMUA treats all of the wastewater collected by the Company in its Woolwich service territory pursuant to the Sewer Service Agreement dated September 14, 2000 (as amended April 28, 2015) between the Company and LTMUA. LTMUA bills the Company a fixed monthly amount for each Equivalent Dwelling Unit ("EDU"), which is determined by the LTMUA rate schedule in effect. There are approximately 2,985 EDUs for which the LTMUA provides treatment.¹

5. Prior to January 1, 2021, the Company's rate schedules included a separate Purchased Wastewater Treatment Adjustment Clause ("PSTAC") for Wallkill and Maxim customers, and the treatment costs for LTMUA were included in the fixed monthly service charge to customers serviced by the Woolwich, California Village, Hanover Village and Spartan Village systems. However, in connection with the Company's 2020 Wastewater Base Rate Case, BPU Docket No. WR20010056, the Board approved the Company's request to establish a uniform PSTAC to include all of its purchased water treatment costs and to charge those costs to all customers, which uniform rate was effective January 1, 2021.² Then, in connection with the Company's 2021 PSTAC filing, the Board approved the Company's uniform PSTAC rate for all customers effective January 1, 2022.³ Those rates are set forth in the Company's currently

¹ LTMUA's rate schedule refers to this as a "connection unit."

² *I/M/O Aqua New Jersey, Inc. for Approval of an Increase in Rates for Wastewater Service and Other Tariff Changes*, BPU Docket No. WR20010056, Order Adopting Initial Decision Settlement ("Wastewater BRC Order"), dated December 2, 2020, at 5-6 and Exhibit C thereto.

³ *I/M/O Aqua New Jersey, Inc. for Approval of a 2022 Purchased Wastewater Treatment Clause Rate and Other Required Approvals*, BPU Docket No. WR21081056, Order Adopting Initial Decision Settlement ("2021 Uniform

effective tariff at Rate Schedule No. 2 (which was attached to the petition as Exhibit B).

6. On August 22, 2023, pursuant to N.J.A.C. 14:9-7.1 to 7.7, Aqua filed the above-captioned petition with the Board to set prospective rates for calendar year 2024 as required by N.J.A.C. 14:9-7.1(d)(2) and 14:9-7.7 (“Petition”). By the Petition, Aqua also seeks to true up its 2021 and 2022 PSTAC revenues.⁴

7. The matter was retained by the Board for review and disposition. Virtual and telephonic public comment hearings were held on November 27, 2023, at 4:30 p.m. and 5:30 p.m., and were presided over by a Board-appointed legal specialist. No members of the public appeared at the public comment hearings and no written comments were received by the Board.

II. Settlement Provisions

8. For the reasons set forth in the following paragraphs, the Parties agree that the record herein supports the findings and conclusions set forth below.

9. Petitioner’s rates reflect the recovery of wastewater treatment charges imposed by the SCMUA, the OCUA, and the LTMUA. The current PSTAC tariff was approved by the Board in the Wastewater BRC Order, which established the uniform PSTAC rate for calendar year 2021 and confirmed the PSTAC rates (without true-up) for 2019 and 2020.

10. In this proceeding, the Parties have examined the Company’s projected wastewater treatment expenses for 2024, as well as the costs of this proceeding, and have assessed any necessary true-up of the 2021 and 2022 PSTAC rates.

PSTAC Order”), dated December 15, 2021. A copy of the 2021 Uniform PSTAC Order is attached hereto as Exhibit A.

⁴ See *I/M/O Petition of Aqua New Jersey, Inc. For Approval To Change the Levels of Its Purchased Sewerage Treatment Adjustment Clause (“PSTAC”) True-Up Filing to 2023 and for Approval to Continue Current Rates*, BPU Docket No. WR22090573, Letter From Petitioner’s Counsel (September 15, 2022) and Rate Counsel’s Letter of No Objection (October 14, 2022), true and correct copies of which were attached to the Petition as Exhibit C.

11. In its Petition, and based on information available at that time, the Company initially determined that current PSTAC rates would be subject to a decrease. However, after the Petition was filed and during the discovery period, Aqua received notice that the treatment rate to be charged by SCMUA for 2024 would result in an overall increase in the uniform PSTAC rate. Therefore, the Company is now seeking an increase in the PSTAC rate to recover \$37,508 in revenues. The \$37,508 PSTAC increase was calculated based on the following components:

- a) projected SCMUA charges for 2024 of \$266,345 based on SCMUA rates effective for 2024 (See Exhibit A, page 1);
- b) projected OCUA charges for 2024 of \$968,200 based on OCUA rates effective for 2024 (See Exhibit A, page 1);
- c) projected LTMUA charges for 2024 of \$1,286,905 based on LTMUA rates effective for 2024 (See Exhibit A, page 1);
- d) the total costs of this proceeding are deemed to be \$8,000 (See Exhibit A, page 2). These costs will be shared 50/50 between ratepayers and shareholders, resulting in a cost to customers of \$4,000 (See Exhibit A, page 4); and
- e) the pro forma PSTAC revenues at present rates are projected to be \$2,399,917 (See Exhibit A, page 4).

12. Based on the estimated costs for 2024, the over-recovery from revenues for 2021 and 2022, the interest due to customers for the net over-recoveries, and the costs of this proceeding, the Parties have agreed that Petitioner's current PSTAC rates on file with the Board should be increased as indicated on Exhibit A, and as reflected on the tariff page attached hereto as Exhibit B, effective January 1, 2024. For the average residential customer, the PSTAC rate will increase

from \$25.21 per thousand cubic feet of metered water to \$25.60 per thousand cubic feet of metered water, an increase of \$0.39 per thousand cubic feet of metered water, or approximately 1.56%. With respect to the total annual rate for wastewater services, for the average residential customer paying a fixed charge, their bill will increase from \$762.72 to approximately \$767.40, an increase of \$4.68, or approximately 0.61% annually.

13. As required in N.J.A.C. 14:9-7.7, the Company has included in its filing an estimate of treatment costs for calendar year 2024, which estimate has been used to determine the applicable PSTAC rate for 2024.

14. Consistent with the provisions of N.J.A.C. 14:9-7.1 to 7.7, the Parties agree that the Company will file with the Board a PSTAC petition to reconcile calendar year 2023 actual treatment costs with the estimated treatment costs (as reflected in the rates identified on Exhibit A) for the same period. Additionally, the Company will include in its filing an estimate of treatment costs for calendar year 2025, which estimate will be used to determine the applicable PSTAC rate for 2025, as required in N.J.A.C. 14:9-7.1(d) and 14:9-7.7.

15. The Parties have engaged in full discovery. The Parties agree that the within Stipulation reflects a mutual balancing of various issues and positions, and that it is being entered into in the spirit of compromise and to avoid protracted and costly litigation.

16. This Stipulation is the product of negotiations by the Parties, and it is an express condition of the settlement embodied by this Stipulation that it be presented to the Board in its entirety without modification or condition. It is also the intent of the Parties to this Stipulation that this settlement, once accepted and approved by the Board, shall govern all issues specified and agreed to herein. The Parties to this Stipulation specifically agree that if adopted in its entirety by

the Board, no appeal shall be taken by them from the order adopting same as to those issues upon which the Parties have stipulated herein.

17. The Parties agree that each term within this Stipulation reflects a mutual balancing of various issues and positions and is intended to be accepted and approved in its entirety. Each term is vital to this Stipulation as a whole, since the Parties hereto expressly and jointly state that they would not have signed this Stipulation had any terms been modified in any way. In the event any particular aspect of this Stipulation is not accepted and approved by the Board, then any Party hereto materially affected thereby shall not be bound to proceed under this Stipulation.

18. The Parties further agree that with respect to any policy or other issues which were compromised in the spirit of reaching an agreement, none of the Parties shall be prohibited from, or prejudiced in, arguing a different policy or position before the Board in any other proceeding, as such agreements pertain only to this matter and to no other matter. It is specifically understood and agreed that this Stipulation represents a negotiated agreement and has been made exclusively for the purpose of this proceeding. Except as expressly provided herein, the Parties shall not be deemed to have approved, agreed to, or consented to any principle or methodology underlying or supposedly underlying any agreement provided herein in total or by specific item. The Parties further agree that this Stipulation is in no way binding upon them in any other proceeding, except to enforce the terms of this Stipulation.

19. This Stipulation may be executed in as many counterparts as there are Parties to this Stipulation, each of which counterparts shall be an original, but all of which shall constitute one and the same instrument.

RATE SCHEDULE NO. 2
PURCHASED SEWERAGE TREATMENT ADJUSTMENT CLAUSE

APPLICABILITY:

In addition to the General Sewer Service Charge set forth in Rate Schedule No. 1, the following Purchased Sewerage Treatment Adjustment Clause rates, in accordance with N.J.A.C. 14:9-8.1 et seq., are applicable to the use of sewer service for all Customers served by the Company.

RATE:

All wastewater service customers shall pay a fixed charge as indicated below.

FIXED MONTHLY CHARGE FOR ALL WASTEWATER CUSTOMERS

Customer Type	PSTAC Rate
Residential, Single Family	\$ 25.60
Non-Residential and Multi-Family	
Water Meter Size – 5/8"	25.60
Water Meter Size – 3/4"	30.72
Water Meter Size – 1"	61.45
Water Meter Size – 1.5"	128.02
Water Meter Size – 2"	189.47
Water Meter Size – 3"	384.06
Water Meter Size – 4"	512.08
Water Meter Size – 8"	2,048.32
Oakwood Village Apartment Complex	15,669.65
Bear Brook Clubhouse	573.53
Stanton Ridge Clubhouse	145.95
Maxim Laundromat	624.73

*The above charges are based upon the Board of Public Utilities' ("Board") estimate of Aqua New Jersey, Inc.'s 12-month average cost of purchased sewerage treatment from the Logan Township Municipal Utilities Authority, Ocean County Utilities Authority, and Sussex County Municipal Utilities Authority. The estimated 12-month average cost shall be periodically re-determined by the Board in accordance with true-up procedures set forth in N.J.A.C. 14:9-8.1 et seq.

TERMS OF PAYMENT:

PAYMENT FOR ALL BILLS RENDERED IS DUE FIFTEEN (15) DAYS AFTER THE ORIGINAL POSTMARK DATE OF THE BILL. Bills for sewer service will be rendered at the close of each monthly billing period.

Issued:
