Re: In the Matter of the Petition of Comcast of New Jersey, LLC, for a Renewal Certificate of Approval to Continue to Construct, Operate and Maintain a Cable Television System in and for the Township of Barnegat, County of Ocean, State of New Jersey – Docket No. CE22060390

Dear Ms. Wolf:

I write regarding your request for Comcast to furnish proof that the construction of certain fiber optic return lines, required by the Certificate of Approval, was completed.

The Order required that “within 12 months” of the date of the Order’s issuance, the “Petitioner shall construct and maintain an additional fiber optic return line to allow non-commercial access programming to originate from the municipal building and high school.”

Comcast hereby confirms that the Return Line from the Municipal Building and Barnegat High School was completed, has been maintained, and is available for non-commercial use by both entities. However, the High School is not currently utilizing the Return Line.

We thank you in advance for your attention.

Sincerely,
