Good Afternoon Robert:

Upon further review, Section 11 of the current COA issued by the Board of Public Utilities ("BPU") in Docket No. CE10020157, for Barnegat Township, indicates that one of the educational access channels is run by Ocean County Community College. Please confirm that the educational access channel is still being run by the Ocean County Community College. Thank you.

Sincerely,

Stephanie Katz

**Subject:** [EXTERNAL] FW: Township of Barnegat - Docket No. CE22060390

Sent on Behalf of Nancy Wolf, Office of Cable Television and Telecommunications, Administrative Analyst 4:

Good Afternoon Robert:

Thank you for providing the amended line extension policy application page. However, the attached letter from 2013 only has information about one channel, and not two channels as stipulated in section 12 of the current COA in Docket No. CE10020157. Therefore, if the Company can provide the Office of Cable Television and Telecommunications ("OCTV&T") with a written letter, copying all parties, confirming that one governmental access channel, and one educational access channel was provided for use by the Township, and also explaining that the original proof could not be located. Then the OCTV&T would accept the letter in place of the original proof. Thank you.

Sincerely,

Stephanie Katz

**Subject:** [EXTERNAL] RE: Township of Barnegat - Docket No. CE22060390

To all

Attached is the amend line extension policy.

The two channels were provided to the Township and High School in 2013. The only documentation is a letter to the township from our local access coordinator with a list of equipment from 2013. The town had asked us to provide guidance on equipment.

A new map is being worked and forwarded when completed.

Rob

Good Afternoon Robert:

The Office of Cable Television and Telecommunications has not heard back from you on the below email. Kindly provide a revised Line Extension application page for Comcast of New Jersey, LLC, and proof of when the Company provided the additional governmental access channel and educational access channel for the Township, as stipulated in section 12 of the current COA in Docket No. CE10020157.

Additionally, the map provided by the Company does not meet the criteria indicated in the attached letter. Please provide a revised map. Thank you.

Sincerely,

Stephanie Katz

Good Afternoon Robert:

Thank you for providing the attached documents for Barnegat Township. However, the attached page for Section IX Line Extension Policy, has the wrong system indicated on it. CNW is for Comcast of Northwest New Jersey. Kindly send back a revised page for Comcast of New Jersey, LLC.

Kindly also provide us with the proof of when the Company provided the additional governmental access channel and educational access channel for use by the Township, as stipulated in section 12 of the current COA in Docket No. CE10020157.

Additionally, the names of the streets on the map we received are unreadable, and it does not contain all the criteria indicated in the attached letter. Kindly send us a current map that includes everything stated in number 5 of the attached letter. Thank you.

Sincerely,

Good Afternoon Robert:

It was good talking to you yesterday. As discussed, please provide us with the proof of when the Company provided the additional governmental access channel and educational access channel for use by the Township, as stipulated in section 12 of the current COA in Docket No. CE10020157.

Please also provide a response for number 6 of the attached letter, and a revised application page for the line extension policy without the citations in your response. Thank you.

Sincerely,

Good Afternoon Robert:

Thank you for your below response to the attached letter for Barnegat Township. However, the second paragraph of number 1 of the letter indicates that the current COA in Section 12 states that an additional educational access should have been provided within 12 months of the issuance of the COA. Please confirm the same. **The Channel was provided.**

Additionally, Section IV. System Design Subsection 5 of the application stated that there was no production equipment and facilities available. However, the revised application page now indicates that Comcast currently provides a studio and studio equipment. Please clarify. **New page attached. There is currently a studio and equipment for use by the municipality, however upon adoption of the new COA they will no longer be available.**

Staff also notes that no response was provide for numbers 3,4,6, and 9 of the attached letter. Please copy all parties on correspondence [including emails], and especially the Office of Cable Television & Telecommunications. Thank you.

Ms. Wolf and Ms. Katz,

Comcast has provided a dedicated channel as per the agreement.

A copy of map is being sent via UPS.

Also, company did mistakenly submit an application and did withdraw it.

If you require any further information please do not hesitate to contact me.

Thank you.
