Dear Mr. Brown,

I am writing to you today to express my excitement about the upcoming Investment Plan to Modernize New Jersey's Electric Grid. Providing cleaner energy sources is a deep concern for all. As a lifelong resident of New Jersey, I have had many personal and professional experiences with JCP & L's service. I applaud the dedication of the company and all its employees to maintain service regardless of the weather and other challenging circumstances.

In addition, JCP & L serves the community's needs through philanthropic and volunteer programs. Our organization has received this generosity, and we are truly grateful to be recognized by JCP & L for our mission to help children with cancer.

I hope this letter reflects our appreciation to JCP & L for being an integral part of our community and all New Jerseyans' lives.

Sincerely,

Director of Development
