[REDACTED]

Capacity and Phasing

Number of proposed capacity installation phases

[REDACTED] *(form allows for up to 5 phases)*

Is storage included in the Project?

[REDACTED]

Capacity Installation Phase

[REDACTED]

Phase CO Date

[REDACTED]

Phase WTG Nameplate Capacity (MW)

[REDACTED]

Phase Storage Nameplate Capacity (MW)

[REDACTED]

Phase Energy Storage Capacity (MWh)

[REDACTED]

Total WTG Nameplate Capacity (MW)

[REDACTED]

Total Storage Nameplate Capacity (MW)

[REDACTED]

Total Energy Storage Capacity (MWh)

[REDACTED]

First Day of OREC Term for Evaluation

[REDACTED]

Last Day of OREC Term for Evaluation

[REDACTED]

Performance

Expected Annual Generation (MWh)

[REDACTED] *(calculated based on first full calendar year that all phases are operating)*

Expected Capacity Factor

[REDACTED] *(calculated based on first full calendar year that all phases are operating)*

Expected Annual Delivered Energy

[REDACTED] *(calculated based on first full calendar year that all phases are operating)*

Expected Capacity Factor (net of losses)

[REDACTED] *(calculated based on first full calendar year that all phases are operating)*

Annual OREC Allowance (MWh)

[REDACTED] *(calculated based on total delivered energy over the contract term)*

Expected Total OREC Production
