Subject: Support for Infrastructure Investment Program II (EnergizeNJ) - BPU Docket No. EO23110793

Donna Brightman  
Secretary

Dear Secretary Golden,

James A. Christy  
Treasurer

I am writing to express my strong support for JCP&L's proposed Infrastructure Investment Program – EnergizeNJ, currently under consideration. As a concerned resident of New Jersey, I believe investing in our state's electrical grid is essential for ensuring the reliability and safety of our energy supply and promoting sustainable and environmentally responsible practices.

**Directors**

The importance of a robust electric distribution infrastructure cannot be overstated. A modern, efficient, and resilient electrical grid is crucial for meeting the growing energy demands of our state. It enables the integration of renewable energy resources.

Alan Archuleta

Reid Eder

A well-maintained, modernized distribution system enhances the overall reliability of our electricity supply. This contributes to the well-being and safety of New Jersey's residents, as it helps prevent power outages during extreme weather events and emergencies.
