**Borough of Branchville Resolution  
# 13-2024**

DECLARING Borough of Branchville RESOLUTION OF SUPPORT  
FOR THE JCP&L *EnergizeNJ* PROGRAM  
BPU Docket No. EO23110793

**WHEREAS The Borough of Branchville** recognizes that reliable electric service plays a crucial role in the daily lives of Township residents; and

**WHEREAS The Borough of Branchville** recognizes that reliable electric service also is critical to the local businesses within our community, and drives commerce in our Township and across the region; and

**WHEREAS The Borough of Branchville** supports efforts to upgrade our energy infrastructure to continue to provide families and businesses the reliable source of energy they need; and

**WHEREAS The Borough of Branchville** supports efforts to enhance the reliability and resiliency of the electric distribution system against severe weather and reduce the number of customers affected by outages and shorten the duration of outages; and

**WHEREAS The Borough of Branchville** has been informed that Jersey Central Power and Light Company's (JCP&L) *EnergizeNJ* Program includes approximately \$935 million in targeted investments above and beyond its regular annual investments to enhance JCP&L's service reliability and resiliency; and

**WHEREAS The Borough of Branchville** has been informed that the JCP&L plan is divided into three key investment areas: grid modernization, system resiliency and substation modernization, that will strengthen the backbone of JCP&L's local electric system, providing the foundation for smart grid capabilities in the future; and

**WHEREAS The Borough of Branchville** has been informed that this investment should provide approximately \$3.08 billion return in reliability benefits to customers by helping to reduce non-storm outages and improving JCP&L's ability to restore power following a major storm event. The proposed amount for the Borough of Branchville is \$8 million; and

**WHEREAS The Borough of Branchville** has been informed that JCP&L estimates the initial increase on the monthly bill for an average residential customer would be about 54 cents in 2025 and after full phase-in in 2030 the additional monthly bill for an average residential customer would increase by \$4.16.

**NOW, THEREFORE, BE IT RESOLVED** that Mayor and Council of the Borough of Branchville hereby finds and declares:

That JCP&L's *EnergizeNJ* Program will benefit residents and businesses in the Borough of Branchville and throughout Sussex County by making JCP&L's electric distribution system during storm and non-storm events more resistant to storm damage and enabling the system to recover more quickly when outages do occur and increase the distribution system's resiliency, operational flexibility, safety and security.

JCP&L's *EnergizeNJ* Program should be approved by the New Jersey Board of Public Utilities.

**INTRODUCED, READ AND ADOPTED** by the Mayor and Council this 16<sup>th</sup> day of March, 2024.

ATTESTS:

**CERTIFICATION**

I certify the foregoing to be a true and accurate copy of a resolution adopted by the Mayor and Council of the Borough of Branchville at a regular meeting held on March 6, 2024.

Kathryn Leissler RMC CTC CMR  
Municipal Clerk
