Dear Board Secretary Sherri L. Golden,

As a New Jersey resident, I'm writing to you on Docket Number QO24020126 to urge you to STOP OFFSHORE WIND.

Climate change has been happening since the beginning of time and to think the destruction of the ocean is environmentally sound is a falsehood, so I urge you to immediately stop all offshore wind projects on the NJ coast.

The only thing offshore wind does is higher energy costs that are already unaffordable and give foreign companies control of our energy grid.

Sincerely,
Frank Creagh
