Subject: [EXTERNAL] STOP DOCKET NO. QO24020126 – 2024

Dear Board Secretary Sherri L. Golden,

As a New Jersey resident, I'm begging you to NOT SUPPORT Docket Number QO24020126 – 2024 The updated Energy Master Plan creates the framework for the destruction of marine life.

Climate change is a natural phenomenon. It is pure hubris to believe that anything humans on our planet do will impact this natural occurrence.

Until the USA has a viable infrastructure to support a fleet of electric vehicles, the movement to those are another pending disaster.

Thank you for your time, and I look forward to a safe haven for whales, dolphins, turtles and other sea life in a New Jersey without wind turbines in our future!

Sincerely
JoAnn Herbst

Sincerely,
JoAnn Herbst
