("Petition"). A WSIC is a rate recovery mechanism to encourage and support accelerated rehabilitation and replacement of certain non-revenue producing, critical wastewater collection system components. Such projects include the replacement or rehabilitation of wastewater mains (including structural and non-structural lining projects), grouting and sealing of wastewater line joints, replacement or rehabilitation of wastewater laterals, manholes, and force mains, and relining or relocation of wastewater lines, manholes, and wastewater laterals (or other utility owned wastewater assets) stemming from coordination with government entities. Its purpose is to enhance safety, reliability, public health, effluent quality, and/or conservation. A WSIC rate is interim, until the subsequent base rate case, and subject to refund.

Any rate adjustments with resulting changes in bill impacts found by the Board to be just and reasonable as the result of the Petition may be modified and/or allocated by the Board in accordance with the provisions of N.J.S.A. 48:2-21 and for other good and legally sufficient reasons to any class or classes of customers of the Company. Therefore, the described charges may increase or decrease based upon the Board's decision. The Petition and applicable attachments as well as the Public Hearing Notice for this proceeding can be viewed on the Company's website at [www.newjerseyamwater.com](http://www.newjerseyamwater.com) by first selecting Customer Service and then Your Water and Wastewater Rates.

Any rate adjustments with resulting changes in bill impacts found by the Board to be just and reasonable as the result of the Petition may be modified and/or allocated by the Board in accordance with the provisions of N.J.S.A. 48:2-21 and for other good and legally sufficient reasons to any class or classes of customers of the Company. Therefore, the described charges may increase or decrease based upon the Board's decision. The Petition and applicable attachments as well as the Public Hearing Notice for this proceeding can be viewed on the Company's website at [www.newjerseyamwater.com](http://www.newjerseyamwater.com) by first selecting Customer Service and then Your Water and Wastewater Rates.

The maximum proposed monthly DSIC rates contained in the Petition are outlined in the table below. The maximum revenues will be set in the Company's currently pending base rate case, BPU Docket No. WR24010056 and the current Purchased Water Adjustment Clause, BPU Docket No. WR231110791.

NOTICE OF PUBLIC HEARINGS

IN THE MATTER OF A PETITION OF NEW JERSEY-AMERICAN WATER COMPANY, INC. FOR AUTHORIZATION TO IMPLEMENT A RESILIENCY AND ENVIRONMENTAL SYSTEM INVESTMENT CHARGE  
BPU Docket No. WR24040240

TO OUR CUSTOMERS:

PLEASE TAKE NOTICE that on April 19, 2024, New Jersey-American Water Company, Inc. ("Company") filed a petition with the New Jersey Board of Public Utilities ("Board"), seeking approval of a Foundational Filing to implement a Resiliency and Environmental System Investment Charge ("RESIC"), pursuant to L. 2023, c. 315 ("Petition"). A RESIC is a regulatory mechanism that enables timely cost recovery of investment in certain non-revenue-producing water and wastewater system components that are in direct or indirect compliance with requirements addressing existing or emerging requirements, and enhance water and wastewater system resiliency, and the health, safety or environmental protection of customers, employees, or the public. A RESIC rate is interim, until the subsequent base rate case, and subject to re-fund.

Any rate adjustments with resulting changes in bill impacts found by the Board to be just and reasonable as the result of the Petition may be modified and/or allocated by the Board in accordance with the provisions of N.J.S.A. 48:2-21 and for other good and legally sufficient reasons to any class or classes of customers of the Company. Therefore, the described charges may increase or decrease based upon the Board's decision. The Petition and applicable attachments as well as the Public Hearing Notice for this proceeding can be viewed on the Company's website at [www.newjerseyamwater.com](http://www.newjerseyamwater.com) by first selecting Customer Service & Billing and then Your Water and Wastewater Rates.

The maximum proposed monthly RESIC rates contained in the Petition are outlined in the table below. The average customer has a 5/8-inch meter and will be subjected to a maximum monthly RESIC surcharge of \$2.50 under the Company's proposed rates. The maximum revenues will be set in the Company's currently pending base rate case, BPU Docket No. WR24010056.

PROPOSED RESIC SURCHARGE RATES BASED ON METER SIZE OR EQUIVALENT

Size of Meter	5/8" Equivalent*	Proposed Rate
5/8	1.0	\$2.50
3/4	1.5	3.75
1	2.5	6.25
1-1/2	5.0	12.50
2	8.0	19.99
3	15.0	37.49
4	25.0	62.48
6	50.0	124.96
8	80.0	199.93
10	100.0	249.91
12	125.0	312.39
16	200.0	499.83

\*Based on American Water Works Association flow rates. A 5/8" meter is equivalent to one unit, whereas a 1-inch meter is equivalent to

2.5 units based on the amount of water that will flow through the meter size.
