

RALLY FOR OFFSHORE WIND

**NJBPU Pre-Build
Infrastructure
Public Hearing**

OCTOBER 1, 5PM

NJBPU PBI Hearing Rally

Your location in Little Egg Harbor Twp means you are an important voice in this hearing, as we need local folks in and around Monmouth County and the surrounding area to show the Municipal leaders that residents are supportive of the PBI. We urge you to share where you live in NJ, why you support offshore wind, and why you support this beneficial and responsible transmission solution.

October 1, 2024 Rally at the IBEW 400 Wall Township, NJ

Hi All,

My name is Alex Meseguer.

As a resident of Little Egg Harbor Township,

I am here Today in support of offshore wind energy and renewable sources.

I support the Pre-Build Infrastructure Solicitation in order to pave the way for a future with clean air and water for my children, grandchildren, and all my fellow Americans.

Thank you for the opportunity to speak in support of this responsible transmission solution.
